terms Introduces how to develop a successful fashion portfolio Expanded discussion and examples of visual research presentation layouts

'Portfolio Presentation for Fashion Designers' provides designs, skill sets, and creativity, to get you that job. In new images throughout, the text shows examples of croquis books, spec and flat drawings, and visual research presentations from both fashion professionals and students. From concept through finished product, the book is an indispensable tool to help you prepare your career for the next chapter.

This useful text helps fashion designers prepare a portfolio as they begin their design careers. Drawing on over 25 years as a professor, Linda Tain -- illustrator, designer, and former owner of a sportswear company -- shows how to avoid the common pitfalls of inexperience. Over 300 illustrations, archival photos, and sketches by newcomers and top designers, including examples from recent award-winning portfolios, demonstrate diverse approaches to creating a stunning professional portfolio.

The book takes the reader through all the major steps of fashion portfolio creation. It features the main components of the design process from the identification of inspiration sources and fashion trends research to conceptualization of a complete fashion collection. The topics covered include mood/fabric boards development, creation of original and innovative textiles as well as fashion silhouettes and garment details development through extensive research, quick design sketching, fabric manipulation, and draping experimentation. Great original designs and illustrations by the author as well as design sketch samples by established designers are provided throughout. There are samples of sketchbooks from professional and emerging fashion artists. The book provides some insight from established fashion and accessories designers

on the highlights and challenges of the creative process. It is a great professional reference for techniques in the portfolio development. A beautiful but practical book that provides useful techniques and helps the reader get inside the mind of the designer.

For the fashion designer seeking employment, a well-prepared portfolio is an essential marketing tool. *Designing Your Fashion Portfolio: From Concept to Presentation* uses the design process to guide students through conceptualization and assembly of a fashion design portfolio that will communicate their talents and vision as designers. The richly illustrated text helps students assemble their work and organize it into a compelling story of their artistic talents and market savvy. In the process, students learn to evaluate their skills and identify their interests so that they can focus on building collections for their chosen target markets. The author's fashion design portfolio system enables designers to tailor their portfolios for each client throughout their careers.

The *Fashion Designer's Sketchbook* is a must-have resource for both fashion students and practising designers who wish to learn new ways of generating design ideas in order to create successful fashion collections, and who wish to develop their own creative aesthetic. It demonstrates how the fashion design sketchbook serves as a crucial creative tool for professional development - and a valuable portfolio of design work to present to potential employers. This book identifies four distinct types of creative journal, each representing a different phase in the design process: the inspiration diary, the working journal, the presentation journal and the design log; and it explores how one develops out of the other, each stage in the idea generation process moving the process forward organically from discovery, to direction, to design development and delivery. The *Fashion Designer's Sketchbook* shows readers how to turn their sketchbooks

into source books; how to generate design ideas from everyday experience; explores multiple ways of presenting and arranging elements within pages; details digital search and storage techniques as well as bulletin board journaling; and provides exercises to improve readers' illustration skills and enquiry, promoting in-store sketching and visual analysis to focus awareness of design aesthetics, taste levels and design vision. The book also explores the need to address market realities, consumer profiles and trend analysis, and shows how to build design collections based on target customer demographics and different markets. Beautifully illustrated and filled with a vast range of inspirational and full-colour design illustrations, The Fashion Designer's Sketchbook also features interviews with designers and industry experts. With a strong emphasis on exploratory design, this exciting resource provides readers with stimulating exercises designed to enable readers' sketchbook work and their creative vision to shine.

Provides information on fashion drawing and design techniques, including the oval and triangle technique, figure templates, drawing from life, clothing design, fabric rendering, and design presentations.

It's now harder than ever to break into the exclusive fashion industry but this is the guide to tell you how to do it.
