A practical, research based "how to" for pastors involved in counselling. The theological context is broad, and applies across denominations. Extensive case examples, sample dialogue and questioning strategies.

Traditionally, counseling has focused primarily on the individual--overlooking the interaction between the community and the individual. Wilson has created a biblically-based counseling model that anchors the individual within the community. The result is a perspective that encompasses all aspects of a person's life, where the community becomes a

helper in the counseling process. The thesis of this book is tied to the assumption that we need a counseling approach that is community-oriented rather than exclusively focused on the individual. When this is the case, we will be able to appreciate the biblical emphasis on the people of God. While he prizes a relationship with individuals, God's heart is with a body, a fellowship, a community. Both pastors and private counselors need to reaffirm the priority of community and its power in the healing process. Rod Wilson (PhD, York University) is President and Professor of Counselling and Psychology at Regent College in Vancouver, B.C., Canada. He is also the author of *Exploring Your Anger and Helping Angry People*.

Seeking the Lost, Keeping Them, Making Them Disciples By: Dr. Benoit Petit-Homme God bless Dr. Benoit Petit-Homme for all the work he has done in putting this book together. I believe that any church or leader who will follow these biblically-grounded principles will see beautiful results in changed lives for the kingdom. Teresa L. Reeve, PhD, Associate Dean, Seventh-day Adventist Theological Seminary, Associate Professor of New Testament Contexts, Andrews University, United States of America Dr. Benoit Petit-Homme's contribution to the discipleship crisis is a compelling re-examination of scripture, church history, and 21st century pastoral experience. Practical and convincing, his straightforward style brings real solutions to the evangelistic Achilles' heels of attrition. He reminds us of what

Seeking the Lost, Keeping Them, Making Them Disciples by Dr. Benoit Petit-Homme is a handy Christ-based discipleship resource that will contribute to the mission of training and equipping church ministry leaders in the evangelistic work of reaping, retaining, and nurturing new believing Christians. This is a must-read for church officers, pastors, and ministry directors in the Christian church. Ron C. Smith, PhD., D.Min, President, Southern Union Conference of SDA Every year, many thousands of people hear the Good News of Jesus Christ and choose to be baptized and join a church community. Unfortunately, it is also true that every year many

new converts leave a church relatively shortly after joining. The specific reasons that each person leaves the church could fill a book by themselves, but they all boil down to one thing: a lack of focus on the part of the church community on turning converts into disciples of our Savior. A disciple of Christ does more than attend church services. A disciple is an active member of the church community. A disciple is a witness to others. A disciple seeks to grow the church by seeking to lead everyone they meet to Christ. Dr. Benoit Petit-Homme is a committed disciple of Christ, and after extensive study of exactly why new converts leave the church, he has developed a process by which any church can make disciples. All it takes is a little extra work, a bit of encouragement, and an unwavering faith in the Lord.
