Presence Human Purpose And The  
Presence is an intimate look at the  
development of a new theory about  
change and learning. In wide-  
ranging conversations held over a  
year and a half, organizational  
learning pioneers Peter Senge, C.  
Otto Scharmer, Joseph Jaworski,  
and Betty Sue Flowers explored  
the nature of transformational  
change--how it arises, and the  
fresh possibilities it offers a world  
dangerously out of balance.

Presence: Human Purpose and the  
Field of the Future: Senge ...

Presence is reflective and  
discursive, with a lot of forays into  
philosophical thinking and  
developments in scientific theory.  
It is probably well pitched to its  
primary audience of members of  
the Society for Organizational  
Learning and the organizational  
learning community generally.
