Principles of Accounting is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.

With 55 years of success in the principles of accounting market, Fundamental Accounting Principles, 21e by Wild, Shaw and Chiappetta has endured and adapted to changes in accounting, technology, and student learning styles. chapter material, and a highly engaging, pedagogical design. Inclusion of Connect, Connect and QuickBooks application software provides students every advantage as they strive to understand the key concepts of accounting and their role in business.

The 21st edition of Principles of Auditing & Other Assurance Services provides a carefully balanced presentation of auditing theory and practice. Written in a clear and understandable manner, it is particularly appropriate for students who have had limited or no audit experience. The approach is to integrate auditing material with that of previous accounting financial, managerial, and systems courses.

This book examines the legal and the accounting process from basic transaction analysis through to the preparation of financial statements. A broad framework for financial statements is used, encompassing international standards and Islamic financial accounting standards. It provides a context for understanding what is “Islamic accounting” and allows students to appreciate how Islamic values can influence the disclosure of financial information. The practicalities of preparing financial statements in accordance with the Islamic Shariah are covered, along with specific aspects of Islamic finance and how to account for Shariah compliant instruments. It provides students with skills to understand and prepare accounting information relevant to decision making in an Islamic environment through real life examples and cases. Tentative Table of contents: • Introduction to Islamic Accounting • The Recording Process • Adjusting the Accounts • Completing the Accounting Cycle • Accounting for Assets • Accounting for Liabilities • Accounting for Equity • Accounting for Sukuk • Zakat Accounting • Takaful Accounting • Islamic Commercial Law • Accounting for Islamic Financial Institutions • Islamic Corporate Governance and Sustainability • Auditing: an Islamic Perspective
