Movin ' n Groovin - Thorp O A Elementary Scholastic Academy

Problem of the Month: Movin ' n Groovin Overview: In the Problem of the Month Movin ' n Groovin, students use measurement, rates of change, and algebraic thinking to solve problems involving proportional relationships, metrics, and multiplicative relationships. The mathematical topics

Problem of the Month: Movin ' n Groovin

The Problems of the Month are organized below by grade level and main topic for that level. These grade level expectations are just estimates and should not be used as an absolute minimum expectation or maximum limitation for students. The structure of a Problem of the Month is a shallow floor and a high ceiling, so that all students can productively engage, struggle, and persevere.
