This text discusses the use of sociopsychological profiling as one of the tools in the investigation of violent crime. Profiling has the potential to provide demographic information about offenders, such as age, race, sex, occupation, and education, a psychological evaluation of belongings found in the offender's possession, and interviewing strategies and suggestions.

~~Profiling violent crimes : an investigative tool (Book)~~

This is a 90s-era book on profiling which covers various types of crimes, including serial murder, rape, and arson. The writing is clear and easy to understand. The authors are clear about the limitations of profiling and the evidence both for and against it. Some information is incorrect or outdated.

North Dakota Attorney General Wayne Stenehjem quickly tried to clarify that the law does not protect the names of victims, unless they are children or victims of sex crimes or domestic violence.

~~Marsy's Law was meant to protect crime victims. It now~~

Police brutality is the use of excessive or unnecessary force by personnel affiliated with law enforcement duties when dealing with suspects and civilians. The term is also applied to abuses by corrections personnel in municipal, state, and federal penal facilities, including military prisons.. The term police brutality is usually applied in the context of causing physical harm to a person.
