Lizzie Nichols has a problem: she can't keep anything to herself. And when she opens her big mouth on a trip to London, her good intentions get her long-distance beau, Andrew, in major hot water. Now she's stuck in England with no boyfriend and no place to stay until the departure date on her nonrefundable airline ticket. Fortunately, Lizzie's best friend and college roommate, Shari, is spending her summer catering weddings in a sixteenth-century chateau in southern France. Who cares if Lizzie's never traveled alone in her life and only speaks rudimentary French? She's off to Souillac to lend a helping hand! One glimpse of gorgeous Château Mirac—and of gorgeous

Luke, the son of the château's owner—and Lizzie's smitten. But thanks to her chronic inability to keep a secret, before the first cork has been popped Luke hates her, the bride is in tears, and Château Mirac is on the road to becoming a lipo-recovery spa. Add to that the arrival of ex-beau Andrew, who's looking for "closure" (or at least a loan), and everything—including Lizzie's shot at true love—is in la toilette . . . unless she can figure out some way to use her big mouth to save the day.

Lizzie Nichols is back, pounding the New York City pavement and looking for a job, a place to live, and her proper place in the universe (not necessarily in that order). "Summer Fling" Luke's use of the "L" (Living Together) word has her happily abandoning plans to share a one-room walk-up with best friend Shari in exchange for cohabitation with the love of her life in his mom's ritzy Fifth Avenue pied-à-terre. Lizzie's landed a non-paying gig in her chosen field—vintage wedding gown rehab—and a paying one as a receptionist at Shari's boyfriend's father's posh law firm. So life is good . . . for the moment. But almost immediately her notoriously big mouth is getting her into trouble. At work she's becoming too chummy with society bride-to-be Jill Higgins, inflaming the ire of Jill's troublesome future mother-in-law. At home she's made the grievous error of bringing up the "M" (Marriage) word to commitment-shy Luke. Once again joblessness and homelessness are looming large for hapless blabbermouth Liz—unless she can figure out some way to babble her way to a happily ever after.

Big mouth. Big heart. Big wedding. Big problems. It's the wedding of the century! Things are looking up at last for Lizzie Nichols. She has a career she loves in the field of her choice (wedding gown restoration), and the love of her life, Jean-Luc, has finally proposed. Life's become a dizzying whirl of wedding gown fittings—not necessarily her own—as Lizzie prepares for her dream wedding at her fiancé's château in the south of France. But the dream soon becomes a nightmare as the best man—whom Lizzie might once have accidentally slept with . . . no, really, just slept—announces his total lack of support for the couple, a sentiment the maid of honor happens to second; Lizzie's Midwestern family can't understand why she doesn't want to have her wedding in the family backyard; her future, oh-so-proper French in-laws seem to be slowly trying to lure the groom away from medical school and back into investment banking; and Lizzie finds herself wondering if her Prince Charming really is as charming as she once believed. Is Lizzie really ready to embrace her new role as wife and mistress of Château Mirac? Or is she destined to fall into another man's arms . . . and into the trap of becoming a Bad Girl instead?

with one another for a week—not even in the beautiful and picturesque Marches countryside. But when Holly and Mark's wedding plans hit a major snag that only Jane and Cal can repair, the two find themselves having to put aside their mutual dislike for one another in order to get their best friends on the road to wedded bliss—and end up on a road themselves ... one neither of them ever expected.

There are a few places screenwriter Lou Calabrese would rather be than crammed into a helicopter with Jack Townsend, star of her claim to fame, Copkiller, and whose ex just ran off with Lou's ex. Talk about uncomfortable. But when, halfway out to the isolated arctic location where Copkiller IV is currently shooting, their pilot turns murderous and their helicopter crashes, Lou realizes her day has just gotten a lot worse. Now, while family and friends back home fret over her disappearance, Lou is on the run in the arctic wilderness with America's sweetheart Jack Townsend and only the contents of her purse, his pockets, and their mutual knowledge of survival movie trivia to keep them alive. Can these two children of Hollywood put aside their differences and make it back home without killing each other? Or much, much worse, actually start to like one another?

Now includes a bonus excerpt from Meg Cabot's new Heather Wells novel, *Size 12 and Ready to Rock*, available wherever books are sold July 10. Heather Wells Rocks! Or, at least, she did. That was before she left the pop-idol life behind after she gained a dress size or two—and lost a boyfriend, a recording contract, and her life savings (when Mom took the money and ran off to Argentina). Now that the glamour and glory days of endless mall appearances are in the past, Heather's perfectly happy with her new size 12 shape (the average for the American woman!) and her new job as an assistant dorm director at one of New York's top colleges. That is, until the dead body of a female student from Heather's residence hall is discovered at the bottom of an elevator shaft. The cops and the college president are ready to chalk the death off as an accident, the result of reckless youthful mischief. But Heather knows teenage girls . . . and girls do not elevator surf. Yet no one wants to listen—not the police, her colleagues, or the P.I. who owns the brownstone where she lives—even when more students start turning up dead in equally ordinary and subtly sinister ways. So Heather makes the decision to take on yet another new career: as spunky girl detective! But her new job comes with few benefits, no cheering crowds, and lots of liabilities, some of them potentially fatal. And nothing ticks off a killer more than a portly ex-pop star who's sticking her nose where it doesn't belong .

the Vatican's war against demons and the undead. Unfortunately Meena Harper has a major Achilles Heel—namely her lingering affection for her ex-boyfriend, Lucien Antonescu, son of Dracula, the prince of darkness. Anyone who loves Twilight, True Blood, and Lynsay Sands, not to mention the singleton fiction of Sophie Kinsella, Jennifer Weiner, and Jane Green, is going to want to sink their teeth into Overbite.

The one and only Mia Thermopolis is back and ready to reign! Celebrate the 20th anniversary of Meg Cabot's blockbuster series in royal style—with all-new middle grade editions of the first three books! Mia Thermopolis is pretty sure there's nothing worse than being a five-foot-nine, flat-chested freshman, who also happens to be flunking Algebra. Is she ever in for a surprise. First Mom announces that she's dating Mia's Algebra teacher. Then Dad has to go and reveal that he is the crown prince of Genovia. And guess who still doesn't have a date for the Cultural Diversity Dance? The Princess Diaries is the first book in the beloved, bestselling series that inspired the feature film starring Anne Hathaway and Julie Andrews.

Sick of hearing about vampires? So is Meena Harper. Meena Harper is familiar with the supernatural. After all, she knows how you're going to die (Not that you're going to believe her. No one ever does.) But not even Meena's precognition can prepare her for Lucien Antonescu—who she meets and then makes the mistake of falling in love with—a modern-day prince with a bit of a dark side for which an ancient society of vampire hunters would prefer to see him dead. The problem is Lucien's already dead. Maybe that's why he's the first guy Meena's ever met with whom she could imagine herself having a future. See, while Meena's always been able to see everyone else's destiny, she's never been able look into her own. Lucien seems to be everything Meena has ever dreamed of in a boyfriend, though he might turn out to be more of a nightmare. So now would be a good time for Meena to start learning to predict her own future . . . if she has one.

In Bulawayo, Zimbabwe, there is a tragedy in the house next door to Lindiwe Bishop -- her neighbor has been burned alive. The victim's stepson, Ian McKenzie, is the prime suspect but is soon released. Lindiwe can't hide her fascination with this young, boisterous and mysterious white man, and they soon forge an unlikely closeness even as the country starts to deteriorate. Years after circumstances split them apart, Ian returns to a much-changed Zimbabwe to see Lindiwe, now a sophisticated, impassioned young woman, and discovers a devastating secret that will alter both of their futures, and draw them closer together even as the world seems bent on keeping them apart. The Boy Next Door is a moving and powerful debut about two people finding themselves and each other in a time of national upheaval.
