THE INSTANT NEW YORK TIMES BESTSELLER. From Kahran and Regis Bethencourt, the dynamite husband and wife duo behind CreativeSoul Photography, comes GLORY, a photography book that shatters the conventional standards of beauty for Black children. Featuring a foreword by Amanda Seales With stunning images of natural hair and gorgeous, inventive visual storytelling, GLORY puts Black beauty front and center with more than 100 breathtaking photographs and a collection of powerful essays about the children. At its heart, it is a recognition and celebration of the versatility and innate beauty of black hair, and black beauty. The glorious coffee-table book pays homage to the story of our royal past, celebrates the glory of the here and now, and even dares to forecast the future. It brings to life past, present, and future visions of black culture and showcases the power and beauty of recognizing and celebrating oneself. Beauty as an expression of who you are is power. When we define our own standards of beauty, we take back that power. GLORY encourages children around the world to feel that power and harness it.

Over the course of his career, Jock Sturges's long-term engagement with his subjects has been a cornerstone of his work. Misty Dawn, one of his primary and most popular muses is one such subject; he has photographed her for twenty-five of her twenty-eight years. Lithe, beautiful, classically proportioned, she is the personification of Sturges's philosophy of being at home in one's body. This volume follows her growth from a shy, tomboyish child to a gorgeous, confident young woman. Of her work with Sturges, Misty Dawn has said, "the best thing about Jock isn't that he is a photographer. The best thing is that he is someone who likes us, who sees us, who cares about us. Completely outside of his pictures, he helps us with our lives in so many ways because we are family to each other - this is the true subject of the photographs." Taken as a whole, this series of images presents a unique, fully realized portrait of a blossoming individual and explores a rare and beautiful relationship between photographer and subject. Misty Dawn: Portrait of a Muse presents iconic images as well as previously unpublished material, mined from Sturges's older contact prints and newest work.

Grotesque photography is odd, unnatural, fantastic, startling or bizarre in content.

Fanny is an extended portrait of a young girl's transition from child to woman. Made over a period of 23 years, the images are at once beautiful in their detail of light and identity, as well as frankly anthropological in their descriptive effect. A naturist since birth, Fanny's comfort with nudity and her natural self has allowed Sturges to draw an engaging portrait of the evolution of a human being with few social distractions. His access to the girl's and woman's character is direct and fascinating. Long known for his extended portraits of children and adolescents, this book is strong evidence of Sturges' permanent commitment to the people in his work.

Building on his first monograph, Jock Sturges presents us with a new body of work that strikes the same chords of beauty and evolution that we find in his earlier images, but with a more intense dramatic and metaphoric intention. His new work often has an almost theatrical effect on the viewer -- seeming to emanate directly from the lives of the artist's models. The settings, the subjects, the sumptuous lighting will all be familiar to longtime admirers of Sturges' ongoing body of work. As his experience as a photographer has deepened and his relationships with his growing subjects spans decades of collaboration, both subjects and photographer have found more to say to each other. The new photographs include diptychs of clothed/nude models, pictures of true mutual trust, as well as never-before seen color photographs! This large format book takes direct aim at Jock Sturges' long-standing vision as his large format, 8x10 view-camera always demanded the large exhibition prints that were to follow. Thanks to the brilliant combination of computer-driven advances in modern printing techniques and the old-world attention to detail and craftsmanship, this book sets a new standard for the reproduction of artworks.

Touching and powerful images of the natural and uninhibited lifestyle lived by Alain Laboile's children in the south of France.
