Windows 10 supports most printers, so you probably won't have to install special printer software. Additional printer drivers and support might be available if you update Windows 10 . Note: If your PC is running Windows 10 S, some printers might not work with it, or they might have limited functionality.

Canada Reads 2005 Winner! In a David and Goliath style battle to the finish, Rockbound by Frank Parker Day triumphed over Oryx and Crake by Margaret Atwood and was declared the 2005 Canada Reads winner. In a series of debates that aired on the CBC in February, panelist Donna Morrissey, author of Kit's Law and Downhill Chance, passionately championed this 1928 novel about life and nature on the small maritime island of Rockbound. The victory has brought this Atlantic Province favourite back into the limelight and is receiving nationwide attention, appearing on several bestseller lists across the country. After its initial publication, Rockbound remained in out of print status until 1973, when the University of Toronto Press acquired the rights to publish as part of their ?Literature of Canada Prose and Poetry in Reprint? series. It was reprinted with an introduction by Allan Bevan of Dalhousie University?s English Department. In 1989, Gerald Hallowell, an editor with the University of Toronto Press, rescued Rockbound from the backlist of the UTP catalogue. The book was reprinted with an afterword by Gwendolyn Davies, Dean of Graduate Studies and Associate Vice-President (Research) at the University of New Brunswick. UTP had been selling around 200 copies of the book per year, until Donna Morrissey selected it for the Canada Reads debates. Since then, UTP has sold over 35,000 copies and it has been reprinted three times! The University of Toronto Press would like to thank Donna Morrissey for her superb defense of the book and all of the people at the CBC for their support and encouragement. A complete synopsis of the debates, as well as an interactive timeline for Rockbound and Frank Parker Day can be found on their website, www.cbc.ca/canadareads/index.html. Copies of Rockbound can be found in abundance at the University of Toronto Bookstore, www.uoftbookstore.com, or at your local bookstore. To the harsh domain of Rockbound -- governed by the sternly righteous and rapacious Uriah Jung --comes the youthful David Jung to claim his small share of the island. Filled with dreamy optimism and a love for the unspoken promises of the night sky, David tries to find his way in a narrow, unforgiving, and controlled world. His conflicts are both internal and external, locking him in an unceasing struggle for survival; sometimes the sea is his enemy, sometimes his own rude behavior, sometimes his best friend Gershom Born, sometimes his secret love for the island teacher Mary Dauphiny; but always, inevitably, his Jung relatives and their manifold ambitions for money and power. The balance of life on Rockbound is precarious and thus fiercely guarded by all who inhabit its lonely domain, but just as a sudden change in the direction of the wind can lead to certain peril at sea, so too can the sudden change in the direction of a man's heart lead to a danger altogether unknown. Enormously evocative of the power, terror, and dramatic beauty of the Atlantic sea, and unrelenting in its portrait of back-breaking labour, cunning bitterness, and family strife, Rockbound is a story of many passions--love, pride, greed, and yearning -- all formed and buffeted on a small island by an unyielding wind and the rocky landscape of the human spirit.

"A necessary book for anyone truly interested in what we take from the sea to eat, and how, and why." —Sam Sifton, The New York Times Book Review Acclaimed author of American Catch and The Omega Principle and life-long fisherman, Paul Greenberg takes us on a journey, examining the four fish that dominate our menus: salmon, sea bass, cod, and tuna. Investigating the forces that get fish to our dinner tables, Greenberg reveals our damaged relationship with the ocean and its inhabitants. Just three decades ago, nearly everything we ate from the sea was wild. Today, rampant overfishing and an unprecedented biotech revolution have brought us to a point where wild and farmed fish occupy equal parts of a complex marketplace. Four Fish offers a way for us to move toward a future in which healthy and sustainable seafood is the rule rather than the exception.

"Under the Weeping Willow Tree" tells the story of a young doctor during the time of the Civil war. His family has sent him to find a defiant brother who was severely wounded in battle. He leaves his medical training and fiance!. On the way to the battlefields, our doctor is kidnapped by the Rebels to give medical aid for a young officer. He voluntarily commits to be a caregiver for the officer on the journey deep into Confederate territory. He is given a choice of being interred in prison or work in a field hospital. He chose to serve as a surgeon in a field hospital. He finally wins a release and is taken north in an unconventional transport by a rebel spy who is delivering a corpse to northern relatives. The trip is fraught with dangers. The vehicle contains the gold treasury of the confederacy known only by the spy who is wholly responsible for the gold. The hearse and riders finally arrive back north and the gold is then cleverly hidden by the confederacy somewhere in the area. Later, the young doctor looks for his brother and finds him near death in an army hospital near Washington DC. During the time the young sibling is being cared for, the doctor's fiancé dies back home. He grieves for her and blames himself for not being with her. The Union war department is suspicious of the young doctor practicing medicine in the rebel hospital and is harassed by the War departments Pinkerton detectives. The young doctor gets word of the spy's capture which is under sentence to hang. In a bold plan, he helps his friend to escape from Federal prison then meets the spy's sister in the process. The young brother's amnesia is unconventionally dealt with and is made well in the last battle of the civil war. The war is finally over, the doctor falls in love with the spy's sister, moves back home to resume his mentor's medical practice and out of his respect for the dead civil war soldiers, has never revealed where the confederate gold is hidden.

Named a Best Book of the Year by The Washington Post, Time, NPR, Amazon,Vice, Bustle, The New York Times, The Guardian, Kirkus Reviews, Entertainment Weekly, The AV Club, & Audible A New York Times Bestseller "One of the most compelling protagonists modern fiction has offered in years: a loopy, quietly furious pillhead whose Ambien ramblings and Xanaxed b*tcheries somehow wend their way through sad and funny and strange toward something genuinely profound." — Entertainment Weekly "Darkly hilarious . . . [Moshfegh's] the kind of provocateur who makes you laugh out loud while drawing blood." —Vogue From one of our boldest, most celebrated new literary voices, a novel about a young woman's efforts to duck the ills of the world by embarking on an extended hibernation with the help of one of the worst psychiatrists in the annals of literature and the battery of medicines she prescribes. Our narrator should be happy, shouldn't she? She's young, thin, pretty, a recent Columbia graduate, works an easy job at a hip art gallery, lives in an apartment on the Upper East Side of Manhattan paid for, like the rest of her needs, by her inheritance. But there is a dark and vacuous hole in her heart, and it isn't just the loss of her parents, or the way her Wall Street boyfriend treats her, or her sadomasochistic relationship with her best friend, Reva. It's the year 2000 in a city aglitter with wealth and possibility; what could be so terribly wrong? My Year of Rest and Relaxation is a powerful answer to that question. Through the story of a year spent under the influence of a truly mad combination of drugs designed to heal our heroine from her alienation from this world, Moshfegh shows us how reasonable, even necessary, alienation can be. Both tender and blackly funny, merciless and compassionate, it is a showcase for the gifts of one of our major writers working at the height of her powers.

Devi Morris isn't your average mercenary. She has plans. Big ones. And a ton of ambition. It's a combination that's going to get her killed one day - but not just yet. That is, until she just gets a job on a tiny trade ship with a nasty reputation for surprises. The Glorious Fool isn't misnamed: it likes to get into trouble, so much so that one year of security work under its captain is equal to five years everywhere else. With odds like that, Devi knows she's found the perfect way to get the jump on the next part of her Plan. But the Fool doesn't give up its secrets without a fight, and one year on this ship might be more than even Devi can handle. If Sigouney Weaver in Alien met Starbuck in Battlestar Galactica, you'd get Deviana Morris -- a hot new mercenary earning her stripes to join an elite fighting force. Until one alien bite throws her whole future into jeopardy.

A science fiction adventure into parallel worlds. Davey Milnes tells us his story as he travels with eleven companions into a mysterious icy landscape. He finds that he cannot escape the Cloud Fields and that his fate and that of his fellow adventurers rests on choices he and they make to attempt to defeat the experiment. Book One of the Cloudfield Series.

When Morgan Carter's car breaks down 250 miles from his home, he figures his weekend plans are ruined. But things are about to get much, much worse: the country's power grid has collapsed. There is no electricity, no running water, no Internet, and no way to know when normalcy will be restored-if it ever will be. An avid survivalist, Morgan takes to the road with his prepper pack on his back. During the gruelling trek from Tallahassee to his home in Lake County, chaos threatens his every step but Morgan is hell-bent on getting home to his wife and daughters.

The Fast and the Furious gets a futuristic twist in this action-packed debut! On corporately controlled Castra, rally racing is a high-stakes game that seventeen-year-old Phoebe Van Zant knows all too well. Phee's legendary racer father disappeared mysteriously, but that hasn't stopped her from speeding headlong into trouble. When she and her best friend, Bear, attract the attention of Charles Benroyal, they are blackmailed into racing for Benroyal Corp, a company that represents everything Phee detests. Worse, Phee risks losing Bear as she falls for Cash, her charming new teammate. But when she discovers that Benroyal is controlling more than a corporation, Phee realizes she has a much bigger role in Castra's future than she could ever have imagined. It's up to Phee to take Benroyal down. But even with the help of her team, can a street-rat destroy an empire?

The #1 New York Times bestselling memoir of U.S. Navy Seal Chris Kyle, and the source for Clint Eastwood's blockbuster, Academy-Award nominated movie. "An amazingly detailed account of fighting in Iraq--a humanizing, brave story that's extremely readable." — PATRICIA CORNWELL, New York Times Book Review "Jaw-dropping...Undeniably riveting." —RICHARD ROEPER, Chicago Sun-Times From 1999 to 2009, U.S. Navy SEAL Chris Kyle recorded the most career sniper kills in United States military history. His fellow American warriors, whom he protected with deadly precision from rooftops and stealth positions during the Iraq War, called him "The Legend"; meanwhile, the enemy feared him so much they named him al-Shaitan ("the devil") and placed a bounty on his head. Kyle, who was tragically killed in 2013, writes honestly about the pain of war—including the deaths of two close SEAL teammates—and in moving first-person passages throughout, his wife, Taya, speaks openly about the strains of war on their family, as well as on Chris. Gripping and unforgettable, Kyle's masterful account of his extraordinary battlefield experiences ranks as one of the great war memoirs of all time.
