While many of its photographs have been widely published, until now no one has examined the Magnum archive itself. In Reading Magnum, experts from several fields investigate this visual archive, now residing at the Harry Ransom Center at the University of Texas at Austin, to discover how a select, influential group of visual authors has used the camera for an ambitious project of cultural interpretation and social commentary.

Reading Magnum A Visual Archive of the Modern World Harry ...

"Reading Magnum" is not about the storied photographic agency, Rather, it is about the 200,000 physical images that constitute the Magnum archive, now housed at the University of Texas. The book is a collection of essays which to greatly varying extents analyze the photographs by thematic content, or foist upon the photographs more analysis & context than is actually present.
