The authors recommend modification of the current system organization to unify health-plan management in TRICARE and separate it from military treatment facility management. The authors also find that there is insufficient evidence to predict the necessity or effectiveness of establishing a joint command to direct the restructured TRICARE organization and other military medical activities.

~~Reorganizing The Military Health System: Should There Be A ...~~

"Since the end of World War II, the question of whether to create a unified military health system has arisen repeatedly. Despite a variety of answers to this question, the system has largely retained its traditional structure, with separate Army, Navy, and Air Force medical departments. Now that a new managed-care program--called TRICARE--is operational, the military health system ...

## ~~Chapter Two OPTIONS FOR ORGANIZING THE MILITARY HEALTH SYSTEM~~

This analysis—as reported in *Reorganizing the Military Health System: Should There Be a Joint Command?* by Susan D. Hosek and Gary Cecchine—concluded that careful consideration should be given to reorganizing TRICARE, the military’s health care program for active and retired military members and their families, but that the additional benefits of a joint command are more difficult to assess.

~~The Military Health System—RAND Corporation~~  
6 *Reorganizing the Military Health System* The MHS organizational structure differs in some respects by service. The Army, Navy, and Air Force operate separate medical departments, established in accordance with Title 10 of the U.S. Code. The Navy Medical Department supports both the Navy and Marine Corps.
