Mazda is one of the automakers struggling the hardest with ... For those worried that this means no more manual, well, you might be right. The patent states the transmission will be "an automatic ...

Mazda Patents Lightweight Hybrid Drivetrain That Could Be for the NE Miata

Manual transmissions are still available on most versions ... However, the controller-based Mazda Connect infotainment system isn't particularly intuitive, and can be frustrating to use. Best Version ...

The wedge-shaped V12 Lamborghini flagships were always spectacular – in shape, sound and performance. The Murciélago was an evolution of the Countach and the Diablo, and was as iconic in its time as its illustrious predecessors were in theirs. This book examines the Murciélago in detail, while casting a look back through Lamborghini's troubled history, to understand how the Murciélago came into being. Ferruccio Lamborghini, Patrick Minram, Megatech, Chrysler, and finally VW-Audi, all played their part in the birth of this modern classic. The book touches on the people and organisations involved in the production of this iconic car, before examining each of the model variants, and discusses the joys and tribulations of ownership.

This series of comprehensive manuals gives the home mechanic an in-depth look at specific areas of auto repair.
