First Published in 1998. Routledge is an imprint of Taylor & Francis, an informa company.

This volume presents recent theoretical research on Romance languages, selected from papers presented at the 25th Linguistic Symposium on Romance Languages. It includes studies of individual Romance languages as well as comparative studies – both within the Romance family and with non-Romance languages (Basque, Bulgarian, Germanic and Quechua). Papers in phonetics and phonology treat stress, syllable structure, s-weakening, and the declination effect. Morphological topics include class-marker suppression and gender agreement and suppletion. Topics in syntactic theory include clitics, participial and adjectival agreement, the syntax of tense, mood, negation, adjectival predication, Tough-constructions, quantification and null objects.

A mother recounts her life story to her long-lost daughter in this sweeping historical novel about a community torn between Italian fascism and German Nazism. In the small village of Curon in South Tyrol, seventeen-year-old Trina longs for a different life. She dedicates herself to becoming a teacher, but the year that she qualifies–1923–Mussolini’s regime abolishes the use of German as a teaching language in the annexed Austrian territory. Defying their ruthless program of forced Italianization, Trina works for a clandestine network of schools in the valley, always with the risk of capture. In spite of this new climate of fear and uncertainty, she finds love and some measure of stability with Erich, an orphaned young man and her father’s helper. Now married and a mother, Trina’s life is again thrown into uncertainty when Hitler’s Germany announces the “Great Option” in 1939, and communities in South Tyrol are invited to join the Reich and leave Italy. The town splits, and ever-increasing rifts form among its people. Those who choose to stay, like Trina and her family, are seen as traitors and spies; they can no longer leave the house without suffering abuse. Then one day Trina comes home and finds that her daughter is missing... Inspired by the striking image of the belltower rising from Lake Resia, all that remains today of the village of Curon, Marco Balzano has written a poignant novel that beautifully interweaves great moments in history with the lives of everyday people.

This volume contains the written versions of the lectures delivered by the participants of the Colloquium Origenianum Nonum held in Pecs (Hungary, 29 August – 2 September 2005). The main topic of the conference was Origen and the religious practice of his time. Here 49 scholars from some 18 countries publish their newest findings on the greatest and most influential Christian thinker before Augustine, who laid the foundation of the Biblical textual studies, created systematic theology, and was regarded as an authentic spiritual leader of Christianity. The papers not only provide the best overview on a lively field of studies but also demonstrate how Origen's heritage in Christian history, theology and spirituality carried with it the imprint of one of the most vital traditions of our civilization. Similarly to the volumes of the earlier conferences (Boston 1989, Chantilly 1993, Hofgeismar-Marburg 1997 and Pisa 2001), the contributions are published by the series Bibliotheca Ephemeridum Theologicarum Lovaniensium.

Al contrario di quanto avviene solitamente nei romanzi del genere noir, gli eroi in questo libro di delitti e misteri agiscono alla luce del luminoso sole di Grecia. Storie del tutto imprevedibili, che avvengono ora nella casa accanto, ora nelle bianche isole greche o talvolta nelle azzurre profondit del mare. Tra i misteri e i codici del teatro antico, o sul sedile di una rossa Ferrari, alla fine matura sempre un atroce delitto. Lassassino sa il perch! La signora Gilda si impossessa della Casa degli oleandri; Nassos rincorre Lauto rossa delle donne di facebook; davanti al faro dellisola di Paros, sotto locchio della telecamera della CNN avviene la scoperta di un singolare delitto; Oreste nellantico teatro di Epidaurò indaga i misteri di Asclepio e trova la sua Elena. Un rasta va alla ricerca dei segreti della sirena tra le rocce della fortezza veneziana di Monenvassia; il marinaio Mimis decide di porre fine allangoscia che gli procurano i sofismi del Maestro; Uninnocua amicizia entra nella vita di un marito geloso.
