Modern Risk Management and Insurance: Gregg Dimkoff ...

This second chapter on risk management covers some advanced risk management topics. The chapter discusses the evolution of corporate risk management to include financial risks and all risks facing the business. The impact of the underwriting cycle, insurance industry consolidation, and the securitization of risk are discussed, as well as loss forecasting, financial analysis in risk management decision-making, and the application of some other risk management tools.

Risk Management and Insurance by Scott E. Harrington  
As we can see in the framework of risk management (picture 2 above), (conventional) insurance is basically a method of transferring the financial consequences of risks to other parties, in this case the insurance company.
