Typewriter Manuals and User Guides — All- Guides.com

By the late 1930s, Royal had overtaken the Underwood to become the world's No. 1 Typewriter manufacturer. The 1941 model, also known as KMM, sports a rugged crackle paint finish popular for the period. It offers many sophisticated features that are unavailable to portable machines, such as automatic

years later when the U.S. entered World War II. Aside from a few machines made primarily for the US Navy, Royal factories were re-tooled to produce much-needed war materiel. Think of all the metal that goes into a typewriter and you'll get an idea of why this was a prudent move. When production resumed following the end of the war, Royal ...
