~~S-O-A-P Notes~~

The SOAP note is a method of documentation employed by healthcare providers to write out notes in a patient's chart, along with other common formats, such as the admission note.

Documenting patient encounters in the medical record is an integral part of practice workflow starting with appointment scheduling, patient check-in and exam, documentation of notes, check-out, rescheduling, and medical billing. Additionally, it serves as a general cognitive framework for physicians to follow as they ass

~~SOAP note - Wikipedia~~

A SOAP note, or a subjective, objective, assessment, and plan note, contains information about a patient that can be passed on to other healthcare professionals. To write a SOAP note, start with a section that outlines the patient's symptoms and medical history, which will be the subjective portion of the note.

~~How to Write a Soap Note (with Pictures) - wikiHow~~

SOAP notes are a highly structured format for documenting the progress of a patient during treatment and is only one of many possible formats that could be used by a health professional. They are entered in the patients medical record by healthcare professionals to communicate information to other providers of care, to provide evidence of patient contact and to inform the
