Sade Fourier Loyola

Sade parts are interesting, Fourier and esp. Loyola not so much (some credit for this goes to mister De Sade himself, of course). flag Like · see review Jan 14, 2009 Wendy smith rated it really liked it

---

Sade/Fourier/Loyola by Roland Barthes - Goodreads

The object of this book, for Barthes is not to hover over the propositions of content ordinary credited to these three men --ie, a philosophy of evil ,a utopian socialism, a mystique of obedience--but rather to consider Sade, Fourier , and Loyola as formulators, inventors of writing, wielders of a text: operator, as Barthes calls them.

Sade, Fourier, Loyola (Book, 1976) [WorldCat.org]

The best, most readable book I have read by Barthes, and the best work I have read on Sade. Full of humor and insight with lots of savory biographical tidbits. The startlingly \*natural\* juxtaposition of Loyola, Fourier and Sade is cool and casual, not at all forced, and all the more remarkable for that.

---

Amazon.com: Customer reviews: Sade/ Fourier/ Loyola

Sade, the evil writer, Fourier, the great utopian, and Loyola, the saint are "logothetes," founders of languages. Barthes' s notion of "text" is meant here, and not language as linguistics or a means of communication.
