Biography portal. Count Katsu Yasuyoshi (勝安芳, born Katsu Yoshikuni (勝義邦); March 12, 1823 – January 21, 1899), best known by his nickname Katsu Kaishō (勝海舟), was a Japanese statesman and naval engineer during the late Tokugawa shogunate and early Meiji period. Kaishō was a nickname which he took from a piece of calligraphy (Kaishō Shooku 海舟書屋) by Sakuma Shōzan.

Katsu Kaishō - Wikipedia

The first one is Musui's Story: The Autobiography of a Tokugawa Samurai. Tell me about it. This is a wonderful autobiography from the 19th century of a really low-ranking, dirty warrior. He's essentially recording his ne'er-do-well ways for his son—getting into fights, partying, being arrested.

The Best Books on Samurai | Five Books Expert Recommendations

The Autobiography of a Tokugawa Samurai This is an autobiography of a samurai who was born into a family of nobles during the Tokugawa shogunate. Though a samurai, his life was unworthy of a samurai's way. He was known running a protection racket, cheating and stealing from the public (Kokichi 31).

Samurai!, first published in 1957, is the war-time account of Saburo Sakai, the leading Japanese fighter ace to survive the Second World War. Sakai, born in 1916, hoped to escape the poverty of life in his rural village by enlisting in the Imperial Japanese Navy at age 16. In 1937, he graduated at the top of his pilot-training class, and soon saw combat in China. Later, against the Allies, Sakai engaged in more than two hundred dogfights, from the Philippines to Iwo Jima, and by war's end had reportedly downed a staggering total of 64 Allied aircraft. His most renowned accomplishment occurred after action over Guadalcanal in August 1942; partially paralyzed and nearly blind from multiple wounds, Sakai managed to fly his damaged plane 560 miles to Rabaul and safely land his Zero fighter. By the end of World War II he had logged 3,700 flight hours, including some 1,500 hours in the Zero. Samurai! provides a unique look into the Samurai character and the human emotions of soldiers in any war, regardless of race or nationality. In addition to Sakai's personal story, the book remains an invaluable eyewitness account of some of the most famous battles of the Pacific war. This new edition includes nine pages of photographs.

The author, a Japanese samurai of the nineteenth century, looks back on his life and shares his observations on Japanese society

The personal story of professional Japanese warrior Saburo Sakai describes his many missions and daredevil exploits in aerial combat during World War II, offering suspenseful accounts of his most courageous flights. Reprint.

Warrior. Samurai. Legend. “ A readable, compassionate account of an extraordinary life. ” —The Washington Post The remarkable life of history ’ s first foreign-born samurai, and his astonishing journey

from Northeast Africa to the heights of Japanese society. When Yasuke arrived in Japan in the late 1500s, he had already traveled much of the known world. Kidnapped as a child, he had ended up a servant and bodyguard to the head of the Jesuits in Asia, with whom he traversed India and China learning multiple languages as he went. His arrival in Kyoto, however, literally caused a riot. Most Japanese people had never seen an African man before, and many of them saw him as the embodiment of the black-skinned (in local tradition) Buddha. Among those who were drawn to his presence was Lord Nobunaga, head of the most powerful clan in Japan, who made Yasuke a samurai in his court. Soon, he was learning the traditions of Japan ' s martial arts and ascending the upper echelons of Japanese society. In the four hundred years since, Yasuke has been known in Japan largely as a legendary, perhaps mythical figure. Now African Samurai presents the never-before-told biography of this unique figure of the sixteenth century, one whose travels between countries, cultures and classes offers a new perspective on race in world history and a vivid portrait of life in medieval Japan.

An account of the author's two grandfathers--a provincial samurai and founder of the Meiji government and an enterprising developer of the silk trade with America

The personal story of professional Japanese warrior Saburo Sakai describes his many missions and daredevil exploits in aerial combat during World War II, offering suspenseful accounts of his most courageous flights.

Miyamoto Musashi (1584?1645) was the legendary samurai known throughout the world as a master swordsman, spiritual seeker, and author of the classic book on strategy, the Book of Five Rings. Over 350 years after his death, Musashi and his legacy still fascinate us and continue to inspire artists, authors, and filmmakers. Here, respected translator and expert on samurai culture William Scott Wilson has created both a vivid account of a fascinating period in feudal Japan and a portrait of the courageous, iconoclastic samurai who wrestled with philosophical and spiritual ideas that are as relevant today as they were in his time. For Musashi, the way of the martial arts was about mastery of the mind rather than simply technical prowess—and it is this path to mastery that is the core teaching in his Book of Five Rings. This volume includes supplemental material on Musashi ' s legacy as a martial arts icon, his impact on literature and film, and the influence of his Book of Five Rings.

In *Legends of the Samurai*, Hiroaki Sato confronts both the history and the legend of the samurai, untangling the two to present an authentic picture of these legendary warriors. Through his masterful translations of original samurai tales, laws, dicta, reports, and arguments accompanied by insightful commentary, Sato chronicles the changing ethos of the Japanese warrior from the samurai's historical origins to his rise to political power. A fascinating look at Japanese history as seen through the evolution of the samurai, *Legends of the Samurai* stands as the ultimate authority on its subject.

"Nimura paints history in cinematic strokes and brings a forgotten story to vivid, unforgettable life."  
—Arthur Golden, author of *Memoirs of a Geisha* In 1871, five young girls were sent by the Japanese government to the United States. Their mission: learn Western ways and return to help nurture a new generation of enlightened men to lead Japan. Raised in traditional samurai households during the turmoil of

civil war, three of these unusual ambassadors—Sutematsu Yamakawa, Shige Nagai, and Ume Tsuda—grew up as typical American schoolgirls. Upon their arrival in San Francisco they became celebrities, their travels and traditional clothing exclaimed over by newspapers across the nation. As they learned English and Western customs, their American friends grew to love them for their high spirits and intellectual brilliance. The passionate relationships they formed reveal an intimate world of cross-cultural fascination and connection. Ten years later, they returned to Japan—a land grown foreign to them—determined to revolutionize women ' s education. Based on in-depth archival research in Japan and in the United States, including decades of letters from between the three women and their American host families, *Daughters of the Samurai* is beautifully, cinematically written, a fascinating lens through which to view an extraordinary historical moment.
