The only two-level series that prepares students for success in both presentations and academic discussions, *Speech Communication Made Simple* takes an interactive, accessible approach to building confidence as a speaker. Students learn how to present in a variety of genres, effectively use voice and props, and lead or participate in discussions. With its lighthearted and engaging approach, the text helps students acquire speech communication and listening skills that they can apply immediately and throughout their lives. Features: Varied speech genres that range from personal story to persuasive. Broad array of projects including interviews and group discussions. Scaffolded approach that includes directed discussion of a model presentation; skill-building exercises for selecting a topic, organizing information, and more; practicing aloud; and finally, delivering a speech. Pronunciation Practice that focuses on American English pronunciation patterns that are difficult for most non-native speakers of English. Playing with Sayings section that presents idiomatic sayings in popular use and related activities to help students understand and use them to enhance their spoken communication. Useful language boxes that illustrate effective ways to begin speeches or participate in discussion. CD-ROM with MP3 audio that includes sample speeches and all pronunciation activities Teacher's manual (available separately at <http://pearsoneltusa.com/speechcom>) with teaching suggestions, answer keys, and quizzes.

**Key Benefit:** *Speech Communication Made Simple* is the second edition of this best-selling title for ESL students. It is designed to give students all the skills, practice, and confidence they need to write a speech and then give a great delivery. *Speech Communication Made Simple* is a 'must-have' for all ESL students who need effective communication, organizational and presentation skills. **Key Topics:** This new edition covers everything students need to know at a level they can understand. Students learn about communication styles, body language, and gestures. They learn how to write a speech, outline and organize their thoughts. *Speech Communication Made Simple* also includes sample speeches and classroom activities. **Market:** advanced ESL students in *Speech Communication* courses and/or ESL students who need to give speeches in their line of studies or chosen career.

This book provides a step-by-step guide to achieve best practice communication within schools. Communication is a critical component in building strong partnerships with parents, attracting and retaining the best teachers, building and protecting a school's reputation and, ultimately, in ensuring that students can be at their best. Aligned to the National Standards of Excellence for Headteachers (2015), as well as Ofsted and the Independent Schools Inspectorate requirements, it provides an "inside out" approach to create and communicate a compelling vision, building leadership communication skills and supporting the day-to-day management of communication in schools. Full of practical strategies, audit tools and planning materials to help develop your communication approach, this guide covers key topics such as: attracting and retaining the best teachers; improving the effectiveness of leadership and management; building the reputation of the school; working with parents; and knowing what to do in a crisis. *How to Build Communication Success in Your School* is essential reading for headteachers, school leaders and all those interested in education management and leadership.

This research applies qualitative research approach with the design of multi-sites research and applies the technique of data. Assembly through deep interview, observation and document. To coincide with the research goal, the research focus is as follows: (a) The school plan in running open Junior High School during the nine years compulsory education programme. (b) The organizing of executing open Junior High School during the nine years compulsory education programme. (c) The development of the executor source in running of open Junior High School during the nine years compulsory education programme. (d) The management audit system of open Junior High School during the nine years compulsory education programme. Result of the research is as follows: First, the staff management plan should have done as the design management school. It is necessary to support the system of development and placement for the good and exact teachers and tutors. Second, The available organization basically has run well and has functioned yet as it is required, yet the ordering better system and working procedure are still needed so the coordination between the principal and the teacher/tutor internally and externally can be improved. The principal has to arrange the form/executing operational standard of each school to eliminate fragmentation. Third, The development of the available source needs better planning usage and improvement to support the execution more effective and efficient management. Fourth, Management audit system Improvement of the teacher/tutor competence and quality in every school. In his case, every principal has to improve the message quality that is addressed to the teacher/tutor through the comprehension of "what, why, when, where and how" about the management on the teacher/tutor competence improvement so it will be more obvious.

Is this blue book more valuable than a business degree? Most people enter their professional careers not understanding how to grow a business. At times, this makes them feel lost, or worse, like a fraud pretending to know what they're doing. It's hard to be successful without a clear understanding of how business works. These 60 daily readings are crucial for any professional or business owner who wants to take their career to the next level. New York Times and Wall Street Journal bestselling author, Donald Miller knows that business is more than just a good idea made profitable – it's a system of unspoken rules, rarely taught by MBA schools. If you are attempting to profitably grow your business or career, you need elite business knowledge—knowledge that creates tangible value. Even if you had the time, access, or money to attend a Top 20 business school, you would still be missing the practical knowledge that propels the best and brightest forward. However, there is another way to achieve this insider skill development, which can both drastically improve your career earnings and the satisfaction of achieving your goals. Donald Miller learned how to rise to the top using the principles he shares in this book. He wrote *Business Made Simple* to teach others what it takes to grow your career and create a company that is healthy and profitable. These short, daily entries and accompanying videos will add enormous value to your business and the organization you work for. In this sixty-day guide,

readers will be introduced to the nine areas where truly successful leaders and their businesses excel: Character: What kind of person succeeds in business? Leadership: How do you unite a team around a mission? Personal Productivity: How can you get more done in less time? Messaging: Why aren't customers paying more attention? Marketing: How do I build a sales funnel? Business Strategy: How does a business really work? Execution: How can we get things done? Sales: How do I close more sales? Management: What does a good manager do? Business Made Simple is the must-have guide for anyone who feels lost or overwhelmed by the modern business climate, even if they attended business school. Learn what the most successful business leaders have known for years through the simple but effective secrets shared in these pages. Take things further: If you want to be worth more as a business professional, read each daily entry and follow along with the free videos that will be sent to you after you buy the book.

Based on more than 20 years of research data, and filled with real-life examples and specific recommendations, School Communication that Works explains what your patrons really care about (and wish you'd talk more about), what they are only somewhat interested in, and what makes them tune you out.

Why School Communication Matters is an easy-to-use reference for the communication dilemmas that superintendents, principals, and other school leaders face today as they lead faculty and staff, parents and students, neighbors and community leaders. This newly revised edition incorporates the monumental technological changes, including social media that are reframing the way we think and work. The book deals with real life challenges and offers practicable solutions. Demonstrates how school leaders can design effective two-way communication strategies with their own communities—because one size no longer fits all. Draws from some of the best research in school communication and business leadership. Offers a framework of ideas on which school leaders can hang their strategic plans. Examines real challenges—from battles with angry parents to the effective use of data to the management of a major crisis—and links these challenges to larger leadership issues. Includes up to the minute information and fresh statistics on today's social media and community outreach. Is a boots-on-the-ground field guide of proven strategies to meet the needs of practitioners who work on the front lines Is a reference book for both new and seasoned school leaders Is a textbook for those aspiring to school leadership positions
