Scrum Events

What is a Scrum Master?

The Sprint is a container for all other events. Each event in Scrum is a formal opportunity to inspect and adapt Scrum artifacts. These events are

File Type PDF
Scrum Master
Specifically
designed to
enable the
transparency
required.
Failure to
operate any
events as
prescribed
results in lost
opportunities to
inspect and
adapt. Events
are used in

File Type PDF

Scrum Master

Scrum to create regularity and to minimize the need for meetings not defined in Scrum.

Scrum Master

Scrum Guide |

Scrum Guides

The time box for Scrum Events is directly proportional to

File Type PDF

Scrum Master

the length of
the Sprint.

However, the
only exception
to this rule is

Daily Standup
which has a

fixed time box
of 15 minutes

regardless of
the Sprint

Length. There
are standard

time frames for

Scrum Master

each event based
on the Sprint
length.
