facility. The clientele of a self-storage business can vary dramatically given the location, pricing, and quality of the facilities. A self-storage business located in an area where rent is very high, such as a dense urban area, will be substantially different than one in a rural community targeting the working class.

Self-storage is one of the most basic of all businesses. When people have extra items that they want to keep, but no room to store them, they'll look to a commercial solution. A self-storage facility offers locked spaces that can protect personal effects until they are needed, can be sold, or can be used.
