Terry Pratchett's books never cease to amaze me and this one certainly didn't disappoint. It has intrigue, comedy and tragedy all rolled into one entertaining package that you just can't put down. You can't help but to picture the characters as you read this and as always Terry paints a fantastic picture of them with hilarious descriptions throughout.

'Funny, delightfully inventive, and refuses to lie down in its genre' Observer The Discworld is very much like our own – if our own were to consist of a flat planet balanced on the back of four elephants which stand on the back of a giant turtle, that is . . . There is a curse. They say: may you live in interesting times. 'May you live in interesting times' is the worst thing one can wish on a citizen of Discworld, especially on the distinctly unmagical Rincewind, who has had far too much perilous excitement in his life and can't even spell wizard. So when a request for a ;Great Wizzard; arrives in Ankh-Morpork via carrier albatross from the faraway Counterweight Continent, it's the endlessly unlucky Rincewind who's sent as emissary. The oldest (and most heavily fortified) empire on the Disc is in turmoil, and Chaos is building. And, for some incomprehensible reason, someone believes Rincewind will have a mythic role in the ensuing war and wholesale bloodletting. There are too many heroes already in the world, but there is only one Rincewind. And he owes it to the world to keep that one alive for as long as possible.

\_\_\_\_\_ The Discworld novels can be read in any order but Interesting Times is the fifth book in the Wizards series.

Terry Pratchett's profoundly irreverent, bestselling novels have garnered him a revered position in the halls of parody next to the likes of Mark Twain, Kurt Vonnegut, Douglas Adams, and Carl Hiaasen. In Equal Rites, a dying wizard tries to pass on his powers to an eighth son of an eighth son, who is just at that moment being born. The fact that the son is actually a daughter is discovered just a little too late.

~Vimes ran a practised eye over the assortment before him. It was the usual Ankh-Morpork mob in times of crisis; half of them were here to complain, a quarter of them were here to watch the other half, and the remainder were here to rob, importune or sell hotdogs to the rest.™ Insurrection is in the air in Ankh-Morpork. The Haves and Have-Nots are about to fall out all over again. Captain Sam Vimes of the city™s ramshackle Night Watch is used to this. It™s enough to drive a man to drink. Well, to drink more. But this time, something is different – the Have-Nots have found the key to a dormant, lethal weapon that even they don™t fully understand, and they™re about to unleash a campaign of terror on the city. Time for Captain Vimes to sober up.

'People think that stories are shaped by people. In fact, it's the other way around.' Terry Pratchett, creator of the phenomenally bestselling Discworld series, knight of the realm, and holder of more honorary doctorates than he knew what to do with, was known and loved around the world for his wildly popular books, his brilliant satirical humour and for the humanity of his campaign work. But that's only part of the picture. At the time of his death in 2015, he was working on his finest story yet – his own. The story of a boy who was told by his headteacher aged six that he would never amount to anything, and spent the rest of his life proving him wrong. Who walked out on his A levels to become a journalist, encountering some very dead bodies and the idea for his first novel before he reached twenty. Who celebrated his knighthood by smelting himself a sword, and who, on being awarded the prestigious Carnegie Medal, switched it during the prizegiving for a chocolate replica and proceeded to eat it in front of an audience of horrified librarians. Tragically, Terry ran out of time to complete the memoir he so desperately wanted to write. But now, in the only authorised biography of one of our best known and

best loved writers, his manager and friend Rob Wilkins picks up where Terry left off, and with the help of friends, family and Terry's own unpublished work, tells the full story of an extraordinary life.

This collection includes all five Tiffany Aching novels in Terry Pratchett's beloved and bestselling Discworld series, including the final Discworld novel, *The Shepherd's Crown*. *The Wee Free Men*: Armed with only a frying pan and her common sense, young witch-to-be Tiffany Aching must defend her home against the monsters of Fairyland. Luckily she has some very unusual help: the local Nac Mac Feegle—aka the Wee Free Men. *A Hat Full of Sky*: Tiffany Aching is ready to begin her apprenticeship in magic. She expects spells and magic—not chores and ill-tempered nanny goats! Surely there must be more to witchcraft than this! Indeed, there is. . . . *Wintersmith*: When the Spirit of Winter takes a fancy to Tiffany Aching, he wants her to stay in his gleaming, frozen world. Forever. It will take the young witch's skill and cunning, as well as help from the legendary Granny Weatherwax and the irrepressible Wee Free Men, to survive until Spring. *I Shall Wear Midnight*: As the witch of the Chalk, Tiffany Aching performs the distinctly unglamorous work of caring for the needy. But someone—or something—is inciting fear, generating dark thoughts and angry murmurs against witches. Tiffany must find the source of unrest and defeat the evil at its root, for if she falls, the whole Chalk falls with her. . . . *The Shepherd's Crown*: Deep in the Chalk, something is stirring. The owls and the foxes can sense it, and Tiffany Aching feels it in her boots. An old enemy is gathering strength. This is a time of endings and beginnings, old friends and new, a blurring of edges and a shifting of power. Now Tiffany stands between the light and the dark, the good and the bad. There will be a reckoning. . . .

More than 150 celebrities share their earliest memories of Doctor Who in this revised and expanded edition—including a foreword by Sir Terry Pratchett. Steve Berry decided to do something a little bit different to raise funds for Alzheimer's research. A lifelong Doctor Who fan, he began to interview celebrities, writers, actors, and people who had worked on Doctor Who, asking for their earliest memories of the show that sent them cowering behind the sofa. Now he presents the fruits of his four years of labor—a beautiful, touching book containing short articles and charming memories of one of the most successful TV shows ever. This revised and expanded edition includes more than 30 new entries from people such as Sophia Myles, Ben Aaronovitch, and John Leeson. Contributors include comedians Al Murray, Stephen Merchant, and Bill Oddie; actors Lynda Bellingham, Nicholas Parsons, and Rhys Thomas; writers Neil Gaiman, Jonathan Ross, and Charlie Brooker; and politicians Louise Mensch and Tom Harris. In addition, there is input from a number of the writers, actors, and production staff who were involved in creating Doctor Who stories new and old.

When a giant wave destroys his village, Mau is the only one left. Daphne—a traveler from the other side of the globe—is the sole survivor of a shipwreck. Separated by language and customs, the two are united by catastrophe. Slowly, they are joined by other refugees. And as they struggle to protect the small band, Mau and Daphne defy ancestral spirits, challenge death himself, and uncover a

long-hidden secret that literally turns the world upside down.

Paul Kidby, Sir Terry Pratchett's artist of choice, provided the illustrations for *The Last Hero*, designed the covers for the Discworld novels since 2002 and is the author of the bestseller *The Art Of Discworld*. Now, Paul Kidby has collected the very best of his Discworld illustrations in this definitive volume, including 40 pieces never before seen, 30 pieces that have only appeared in foreign editions, limited editions and BCA editions, and 17 book cover illustrations since 2004 that have never been seen without cover text. If Terry Pratchett's pen gave his characters life, Paul Kidby's brush allowed them to live it, and nowhere is that better illustrated than in this magnificent book.

'Just because you can't explain it, doesn't mean it's a miracle.' In the beginning was the Word. And the Word was: 'Hey, you!' This is the Discworld, after all, and religion is a controversial business. Everyone has their own opinion, and indeed their own gods, of every shape and size, and all elbowing for space at the top. In such a competitive environment, it's certainly not helpful to be reduced to appearing in the form of a tortoise, a manifestation far below god-like status in anyone's book. In such instances, you need an acolyte, and fast: for the Great God Om, Brutha the novice is the Chosen One – or at least the only One available. He wants peace and justice and brotherly love. He also wants the Inquisition to stop torturing him now, please... Now adapted into graphic novel form with new artwork by Ray Friesen.
