**Small Engine Repair Questions Answers**

Often, however, the role of the small engine is downplayed. These engines are certainly just as important in the auto industry as well in other realms outside automobiles. Small engines have not only powered some of the most iconic cars ever designed -- and there are a few that immediately spring to mind -- they also are the go-to powerplant for many other pieces of machinery.

**The Small Engine Quiz+HowStuffWorks**

Hi so I love working on small engines and was thinking of going into it as a profession. I know my way around an engine fairly well ( well at least I like to think so anyways) I recently got a push mower that didn't work just to turn some wrenches on and after a carberator cleaning I got it running fairly well but I would like to do a few more things just to get some practice but I don't know ...
