This updated edition covers only five years to allow more detailed instruction and features individual indexes for easy reference of each make and model. Includes nearly 3,000 drawings and photographs and thousands of tables and specifications.

Each section contains car identification, service procedures, and specifications. Areas covered include: electrical system, engine rebuilding, troubleshooting, cooling systems, emission controls, fuel systems, transmissions, turbocharging, diesel engines, clutches, transaxles, differentials, suspension, steering, brakes, and fuel injection.

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

In 1970, after three years of growth in the muscle car sector, Chevrolet introduced its revamped Camaro. And despite dire predictions of the imminent collapse of the pony car market, the Camaro only became more and more popular.
