The Standard for Program Management – Third Edition [Book]

In 1996, PMI released its first PMBOK Guide; in 2003, its first OPM3. Today, both publications are recognized as leading professional standards for practicing project management and assessing organizational maturity. Building on these successes, and after identifying a need for a standard addressing the increasingly popular practice of managing programs, PMI--in early 2004--set in motion a ...

The new PMI standard for program management

It is principle-based, making it a powerful tool for a broad range of organizations, regardless of project delivery approach. The Standard for Program Management - Fourth Edition provides clear, complete, relevant information generally recognized as good practices for most programs, most of the time. It's an invaluable tool for anyone who works with programs, from project, program and portfolio managers to project stakeholders and senior managers.
