 Business Mathematics was written to meet the needs of a twenty-first century student. It takes a systematic approach to helping students learn how to think and centers on a structured process termed the PUPP Model (Plan, Understand, Perform, and Present). This process is found throughout the text and in every guided example to help students develop a step-by-step problem-solving approach.**

Business Math: A Step-by-Step Handbook - Open Textbook Library
 Step-by-Step Business Math and Statistics is written to help those who need a quick refresher on mathematics and statistics as the foundation of a rigorous MBA program. This book fills the gap left by many textbooks that are often dedicated to either mathematics or statistics, but not both.
