God on a daily basis, through an insightful exposition and compelling analysis of the scriptures.

Commitment to the Almighty God is the highest priority for the Christian and it cannot be taken lightly because of its eternal implications. There should be assurance of salvation that is Bible based, which lasts forever. There is a need for an extra spiritual effort on the souls saved to get them established, localised in a church fellowship and mobilised until they too become soul winners. It is not enough for the believer in Christ to go forth and bear fruits in obedience to the Lord's command but must also ensure that the fruits abide. This is why the Workers-in-Training programme is packaged to equip believers for service unto God and the edification of the body of Christ. Our prayer is that at the end of these teachings, you would have become a true Christian, on fire for God and ready to take up mountains. God bless you as you get empowered for the work of ministry, in Jesus name. Amen

From global missionizing among proselytic faiths to mass migration through religious diasporas, religion has traveled from one side of the world and back again. It continues to play a prominent role in shaping world politics and has been a vital force in the continued emergence, spread, and creation of a transnational civil society. Exploring how religious roots are shaping organizations that seek to aid people across political and geographic boundaries - 'service movements' - this book focuses on how religious movements establish structures to assist people with basic human needs such as food, clothing, shelter, education, and health. Examining a multitude of faith traditions with origins in different parts of the world, seven contributing chapters, with an introduction and conclusions by the senior author, offer a unique discussion of the intersections between religious transnationalism and social movements.
