The new Windows Surface Pro 4 is a new and unique generation of computers. It is a laptop and tablet in one powered by Windows 10. It comes with new and amazing features suitable for everyone. Since it has been released, it has gotten great feedback from its user worldwide. Surface Pro 4 is much faster, lighter and easier to use.

I still remember Windows 95. It was revolutionary in every way! No longer were there clunky windows; Windows 95 had a clunky start button that had replaced it--and to top it off, there was a music video of Weezer! It was the first time I had ever seen video on my computer screen, and it was amazing...and pixelated!If you remember any of the thrill of Windows 95, then you're in for a treat--Windows 8 is a complete overhaul. Gone is the start button. Gone are a lot of things. Microsoft took a revolutionary approach with Windows 8--they changed the entire design, and it takes some time getting used to it.This short guide is to help get you to know Windows 8--the focus is on the Windows Surface tablet, but because Windows Surface is running a version of Windows 8, much of what is in this guide will apply to any version of Windows 8 you may have. This is a beginner's guide--it's for the people who turned on their Surface and have confused ever sense! If you are an experienced computer user, you may find some helpful tips, but the emphasis is on giving new users a crash course.

A Comprehensive User Guide to Microsoft Surface Laptop GO Are you looking for a user manual that will help you SETUP and Master the Microsoft Surface Laptop GO? Are you looking for a manual that will expose you to all the amazing features of your device? Then get your hands on this book and have an amazing time using your device.The Surface Laptop Go is a new flavor of Surface. The Surface Laptop Go is petite as modern laptops go, with a 12.4-inch display, but its physical design matches the rest of the Surface Laptop 3 family, which includes larger, pricier 13.5-inch and 15-inch versions. The design includes an aluminum display lid and a polycarbonate base, available in your choice of three colors: Ice Blue, Sandstone, and Platinum. The entire package feels sturdy, well-engineered, and fitting of a laptop that costs more than its \$699 asking price.There are many other factors that make up the overall goodness of the device. We got a chance at handling the device and we are presenting our User Guide to help you maximize your device.This book is written in simple and clear terms with a step-by-step approach and with tips and tricks that will help you to master your Microsoft Surface Laptop GO within the shortest period of time.
