Ren Makavoy is one season away from realizing his Major League dreams. Unfortunately, his bad-boy reputation off the field has landed him in hot water. Ren swears his days of drinking, brawling, and seducing starlets are over, but management sees fit to bring in PR to clean up his act. Determined to prove himself as a reputable catcher, his plans of playing along backfire when he comes face to face with the woman who shattered his heart. She is the last hope of saving his reputation. And things are about to get a hell of a lot hotter. This sinfully sexy second-chance romantic dramedy is a stand-alone and spinoff of The Balls in Play Series.

Alice, a flight instructor, has lived a protected life and is eager for new adventures when she moves from her hometown in Ohio to Charleston, South Carolina, and attends her first-ever baseball game. There, she sees local baseball star, Rafe Hembrey, who is sure to be drafted into the big leagues this year. Rafe has no time for romance, he's got scouts to impress, but when Alice comes to town he questions where his focus really lies.

"I met her at an all-time low . . . the worst night of my life-a time I never wanted to remember." "It was a night I could never forget." "When it came to women, I swore I was done with wishful thinking. Ball and my coaching career were all that mattered." "I reminded him it wasn't." "She was everything I was afraid of." "He was everything I'd ever wanted." "She was fire-an irresistible piece of southern heaven that I couldn't stay away from." "He was smoke that clouded me in every imaginable way." "And the sex . . ." "Dear God, the sex . . ." "I fell hard, and she gave me hell at every turn." "I made a promise I was hell bent on keeping." "And you kept it." "Hell yes I did." "F*ckin' A."

This book constitutes the joint refereed proceedings of the 11th International Workshop on Approximation Algorithms for Combinatorial Optimization Problems, APPROX 2008 and the 12th International Workshop on Randomization and

Computation, RANDOM 2008, held in Boston, MA, USA, in August 2008. The 20 revised full papers of the APPROX 2008 workshop were carefully reviewed and selected from 42 submissions and focus on algorithmic and complexity issues surrounding the development of efficient approximate solutions to computationally difficult problems. RANDOM 2008 is concerned with applications of randomness to computational and combinatorial problems and accounts for 27 revised full papers, also diligently reviewed and selected out of 52 workshop submissions.
