Each one is about a strange situation or event that occurs in an otherwise familiar suburban world; a visit from a nut-sized foreign exchange student, a sea creature on someone's front lawn, a new room discovered in a family home, a sinister machine installed in a park, a wise buffalo that lives in a vacant lot.

The words don't really explain them, because this is outer suburbia where a dog may speak French, a cat may be a saint, and a TV may grow arms to hold the very small children placed in front of it. Disturbing, surreal, compulsively alarming, mischievous, beautiful and strange. 3 people found this helpful

Fifteen illustrated short stories, some humorous and some haunting, set in the Australian suburbs.

Breathtakingly illustrated and hauntingly written, Tales from Outer Suburbia is by turns hilarious and poignant, perceptive and goofy. Through a series of captivating and sophisticated illustrated stories, Tan explores the precious strangeness of our existence. He gives us a portrait of modern suburban existence filtered through a wickedly Monty Pythonesque lens. Whether it's discovering that the world really does stop at the end of the city's map book, or a family's lesson in tolerance through an alien cultural exchange student, Tan's deft, sweet social satire brings us face-to-face with the humor and absurdity of modern life.

The perfect after-school job turns deadly for teens working as "simulated patients" at the local med school. Everyone has something to hide and no one is safe in this contemporary YA thriller that exposes the dark reality of #MeToo in the world of medicine, for fans of Karen McManus and Holly Jackson. It seemed like a cool part-time program -- being a "simulated" patient for med school students to practice on. But now vivacious, charismatic Viv lies in a very real coma. Cellphone footage just leads to more questions. What really happened? Other kids suspect it was not an intentional overdose -- but each has a reason why they can't tell the truth. Through intertwining and conflicting narratives, a twisted story unfolds of trust betrayed as we sift through the seemingly innocent events leading up to the tragic night. Perhaps simulated patients aren't the only people pretending to be something they're not . . .

Collected from his working sketchbooks, with commentary by the artist, these ideas, studies and doodles aim to offer an insight into the imagination of this storyteller.

Everybody has a story that will break your heart; a poignant coming-of-age YA for fans of David Arnold, from the author of the acclaimed The Agony of Bun O'Keefe, a Kirkus Best of the Year selection. Poppy used to be an optimist. But after a photo of her dressed as Rosie the Riveter is mocked online, she's having trouble seeing the good in the world. As a result, Poppy trades her beloved vintage clothes for a feathered chicken costume and accepts a job as an anonymous sign waver outside a restaurant. There, Poppy meets six-year-old girl Miracle, who helps Poppy see beyond her own pain, opening her eyes to the people around her: Cam, her twin brother, who is adjusting to life as an openly gay teen; Buck, a charming photographer with a cute British accent and a not-so-cute mean-streak; and Lewis a teen caring for an ailing parent, while struggling to reach the final stages of his gender transition. As the summer unfolds, Poppy stops glorifying the past and starts focusing on the present. But just as she comes to terms with the fact that there is good and bad in everyone, she is tested by a deep betrayal.

Then a grave mistake ends with Cavas taken prisoner by the government. Gul must train an army of warriors alone. With alliances shifting and the thirst for vengeance growing, the fate of Ambar seems ever more uncertain. It will take every ounce of strength, love, and sacrifice for Gul and Cavas to reach their final goal--and build a more just world than they've ever known.
