TEACHING ACADEMIC ESL WRITING: PRACTICAL TECHNIQUES IN VOCABULARY AND GRAMMAR. Eli Hinkel. Mahwah, NJ: Erlbaum, 2004. Pp. xii + 360. \$79.95 cloth, \$37.50 paper. In this text, Hinkel argues that second language (L2) writing instruction has long favored teaching the writing process and discourse and rhetorical features of text while neglecting the essential language skills that L2 writers need to succeed in mainstream university classes.

Teaching Academic ESL Writing: Practical Techniques in Vocabulary and Grammar fills an important gap in teacher professional preparation by focusing on the grammatical and lexical features that are essential for all ESL writing teachers and student-writers to know. The fundamental assumption is that before students of English for academic purposes can begin to successfully produce academic writing, they must have the foundations of language in place--the language tools (grammar and vocabulary) they need to build a text. This text offers a compendium of techniques for teaching writing, grammar, and lexis to second-language learners that will help teachers effectively target specific problem areas of students' writing. Based on the findings of current research, including a large-scale study of close to 1,500 non-native speakers' essays, this book works with several sets of simple rules that collectively can make a noticeable and important difference in the quality of ESL students' writing. The teaching strategies and techniques are based on a highly practical principle for efficiently and successfully maximizing learners' language gains. Part I provides the background for the text and a sample of course curriculum guidelines to meet the learning needs of second-language teachers of writing and second-language writers. Parts II and III include the key elements of classroom teaching: what to teach and why, possible ways to teach the material in the classroom, common errors found in student prose and ways to teach students to

avoid them, teaching activities and suggestions, and questions for discussion in a teacher-training course. Appendices to chapters provide supplementary word and phrase lists, collocations, sentence chunks, and diagrams that teachers can use as needed. The book is designed as a text for courses that prepare teachers to work with post-secondary EAP students and as a professional resource for teachers of students in EAP courses.

The new edition of this comprehensive text fills an important role in teacher professional preparation by focusing on how to teach the grammar and vocabulary that are essential for all L2 writing teachers and student-writers. Before L2 writers can begin to successfully produce academic prose, they need to understand the foundations of the language and develop the language tools that will help them build reasonable quality text. Targeting specific problem areas of students' writing, this text offers a wealth of techniques for teaching writing, grammar, and vocabulary to second-language learners. Updated with current research and recent corpus analysis findings, the second edition features a wealth of new materials, including new teaching activities; student exercises and assignments; and substantially revised appendices with supplementary word and phrase lists and sentence components. Designed for preservice ESL/ELT/TESOL courses as well as Academic Writing and Applied Linguistics courses, this book includes new, contextualized examples in a more accessible and easy-to-digest format.

"Chapters address a full range of critical topics, including the context and process of academic writing, needs analysis, teaching approaches, the interrelationship between writing and vocabulary, intercultural perspectives, feedback and assessment. Each chapter includes Classroom Implications, tasks and techniques for teaching, and some possible exercises to use with students. Chapters begin with thought-provoking questions and end with a section designed to help users consider their own beliefs and classroom practices." -- Back cover.

Effective Curriculum for Teaching L2 Writing sets out a clear big picture for curricular thinking about L2 writing pedagogy and offers a step-by-step guide to curriculum design with practical examples and illustrations. Its main purpose is to help pre-service and practicing teachers design courses for teaching academic writing and to do this as efficiently and effectively as possible. Bringing together the what and the how-to with research-based principles, what sets this book apart is its overarching focus on language pedagogy and language building. Part 1 examines curricular foundations in general and focuses on what is socially valued in L2 writing and pedagogy at school and at the college and university level. Part 2 is concerned with the nitty-gritty —the daily realities of curricular design and classroom instruction. Part 3 takes a close look at the key pedagogical ingredients of teaching academic L2 writing: vocabulary and collocations, grammar for academic writing, and down-to-earth techniques for helping L2 writers to organize discourse and ideas. The Appendix provides an extensive checklist for developing curricula for a course or

“ Practical Academic Essay Writing Skills: An International ESL Students Essay Writing Handbook ” is the second book in a series on Academic Writing Skills. The book was written for non-English speaking International ESL Students to gain university entrance, but by no means only for ESL students wanting to learn English academic writing. This practical guide can also be used by anyone such as a high-school student, an undergraduate or graduate student, or even a mature age student wishing to understand more about English academic essay writing. This book will help you produce consistent results and grades for your assignments and essays. With 5 years TESOL experience in practical English essay writing, the author has managed to make himself clearly understood by his students. This short but concise academic writing skills guide will teach you good academic writing skills. It is ideal for the International ESL Student. Write you way to a BA with the Academic Writing Skills series.

Using a framework based on principles of teaching and learning, this guide for teachers and teacher trainees provides a wealth of suggestions for helping learners at all levels of proficiency develop their reading and writing skills and fluency. By following these suggestions, which are organized around four strands – meaning-focused input, meaning-focused output, language-focused learning, and fluency development – teachers will be able to design and present a balanced program for

their students. Teaching ESL/EFL Reading and Writing, and its companion text, Teaching ESL/EFL Listening and Speaking, are similar in format and the kinds of topics covered, but do not need to be used together. Drawing on research and theory in applied linguistics, their focus is strongly hands-on, featuring easily applied principles, a large number of useful teaching techniques, and guidelines for testing and monitoring. All Certificate, Diploma, Masters and Doctoral courses for teachers of English as a second or foreign language include a teaching methods component. The texts are designed for and have been field tested in such programs.

Teaching English to Second Language Learners in Academic Contexts: Reading, Writing, Listening, and Speaking provides the fundamental knowledge that ESL and EFL teachers need to teach the four language skills. This foundational text, written by internationally renowned experts in the field, explains why skills-based teaching is at the heart of effective instruction in English for academic purposes (EAP) contexts. Each of the four main sections of the book helps readers understand how each skill—reading, writing, listening, and speaking—works and explains what research has to say about successful skill performance. Pedagogically focused chapters apply this information to principles for EAP curriculum design and to instructional activities and tasks adaptable in a wide range of language-learning contexts. Options for assessment and the role of digital technologies are considered for each skill, and essential information on integrated-skill instruction is provided. Moving from theory to practice, this teacher-friendly text is an essential resource for courses in TESOL

Examining what is involved in learning to write for academic purposes from a variety of perspectives, this book focuses in particular on issues related to academic writing instruction in diverse contexts, both geographical and disciplinary. Informed by current theory and research, leading experts in the field explain and illustrate instructional programs, tasks, and activities that help L2/multilingual writers develop knowledge of different genres, disciplinary expectations, and expertise in applying what they have learned in both educational and professional contexts.

Student academic writing is at the heart of teaching and learning in higher education. Students are assessed largely by what they write, and need to learn both general academic conventions as well as disciplinary writing requirements in order to be successful in higher education. Teaching Academic Writing is a 'toolkit' designed to help higher education lecturers and tutors teach writing to their students. Containing a range of diverse teaching strategies, the book offers both practical activities to help students develop their writing abilities and guidelines to help lecturers and tutors

think in more depth about the assessment tasks they set and the feedback they give to students. The authors explore a wide variety of text types, from essays and reflective diaries to research projects and laboratory reports. The book draws on recent research in the fields of academic literacy, second language learning, and linguistics. It is grounded in recent developments such as the increasing diversity of the student body, the use of the Internet, electronic tuition, and issues related to distance learning in an era of increasing globalisation. Written by experienced teachers of writing, language, and linguistics, Teaching Academic Writing will be of interest to anyone involved in teaching academic writing in higher education.
