Stronger Writing Skills for Teens offers middle and high school teachers strategies, techniques, and materials for teaching adolescent writing. It focuses on quality writing instruction and presents the modes of writing as defined by Common Core State Standards, with strategies, tips, and suggestions for teaching each mode.

Freaks, Geeks, and Cool Kids argues that the teenage behaviors that annoy adults do not arise from ""hormones, "" bad parenting, poor teaching, or ""the media, "" but from adolescents' lack of power over the central features of their lives: they must attend school; they have no control over the curriculum; they can't choose who their classmates are. What teenagers do have is the power to create status systems and symbols that not only exasperate adults, but also impede learning and maturing. Ironically, parents, educators, and businesses are inadvertently major contributors to these ou.

Uses key principles from the business world to help teens get organized, stay focused, and control their impulses.

A complete parenting guide that provides you with the information you need to survive these trying years.

Experts say that in recent years there has been an epidemic of cheating among young people in the United States. Cheating is more than just students sneaking the answers to school tests; broadly defined, it is breaking the rules to get ahead. Examples of cheating today range from illegally downloading music from the internet, which cheats the artists out of royalties, to using performance-enhancing drugs to gain an athletic advantage. This book explores the ways teens cheat, examines their reasons for doing so, and discusses efforts to teach ethics to young people.

Starting university can be a daunting prospect, as students come to grips with new ways of working, learning and thinking. Studying sport at university poses particular challenges, with students often engaged in playing or coaching sport alongside their studies and having unconventional working patterns. Study Skills for Sport Studies is the only complete guide to degree-level study to be written specifically for students on sport-related courses, outlining the core academic competencies needed to succeed at university. The textbook offers tips and techniques for all aspects of higher education, including time management, critical thinking, academic research and writing, e-learning, presentations, group work and exams. The practical processes are supported by sports-related examples, and each chapter ends with useful exercises to test your skills as well as reflect on your prior learning experiences. Designed as either a self-paced text or a companion to an introductory class, Study Skills for Sports Studies demystifies the academic skills needed to succeed and helps you make the most of your time at university.

Contains a collection of specific classroom strategies & suggestions for teaching writing to elementary school students according to an eight-stage process. Specific techniques for teaching each stage of the writing process & descriptions of proven approaches for using these techniques are also included. "A wonderful resource, a labor of love from a large & talented group of educators." Had its beginnings in the California Writing Project at the Univ. of California, Irvine. Best Seller! Illustrated.
