No matter how much trainers believe that their work is valuable, clients will always want solid, objective evidence that the training they're spending good money on is effective. Telling Training's Story provides the tools to do just that, allowing anyone to measure a training regime's effectiveness and prove it to customers. The book's central tool is the Success Case Method (SCM), and although the SCM is rigorous enough to convince even the harshest skeptic, it's also easy to understand.
