Jen McLaughlin's 'The Backup Plan' isn't quite what I'm used to each time I dive into a book of hers. This one's a New Adult read with specific collegiate issues of future plans, identity-crises, leftover teenage angst and overflowing hormones that I admittedly struggle to get into as the years roll on.

### ~~The Backup Plan by Jen McLaughlin Goodreads~~

Jennifer Lopez has never looked better or acted worse than in The Back-Up plan, a formulaic chick flick that conveys a deep distrust, if not downright hatred, of child-bearing women. J-Lo plays an...

"THE BACKUP PLAN is classic new adult at its finest. With plenty of angst, drama and emotion, I seriously loved this romance!" ~ NYT bestselling author Monica Murphy I'm beyond help... I threw a football before I could walk. Everything in my life revolved around football—and I loved every second. I was a star. Until, suddenly...I wasn't. Now everyone thinks I'm the monster who killed his best friend. I'm an outcast on campus, silent and alone. Then Taylor Selmer walks back into my life. When will she learn—I'm beyond saving. I need to save him... Chase and I used to be friends. But after the accident, nothing was the same. We used to have something special—until we didn't. But he doesn't smile anymore. Doesn't talk. Doesn't play. It hurts me to see him this way, and I will do everything I can to get him back in the game. Whether he likes it or not.

Revisit the bestselling Charleston Trilogy by #1 New York Times bestselling author Sherryl Woods in this classic tale of falling in love when you least expect it. It's finally time for Dinah Davis to go home. The world-weary correspondent wants to settle down with the sweet guy she left behind in South Carolina's Low Country. Instead, she's confronted by his black-sheep brother, and—despite her longing for serenity—sparks fly. How can she possibly trade her perfectly safe backup plan for a risk-taking guy like Cordell Beaufort after all the dangers she's already faced? But to Dinah's dismay—backup plan or not—her heart has its own ideas. Originally published in 2005.

A regimented ex-Army man drives an irresistible wedding planner from Cupid to Twilight in the next Twilight, Texas, novel from New York Times bestselling author Lori Wilde. You are cordially invited to a Twilight, Texas, Christmas Wedding! The town is decorated, the cookies are made, and the stage is set . . . for love. Wedding planner Aria Alzate has one goal: to give her best friend a perfect day. But after a bump on the head, she's under doctor's orders not to travel on her own. So she's stuck on the road to Twilight with upright, uptight Remington Lockhart in the driver's seat. True, Remy is one long, tall, Texas male, but the ex-military man never saw a rule he didn't like—making this one long road trip . . . Remy has left the military, but the military lifestyle has not left him. The uncertainty this ex-paratrooper encountered during his tour of duty has convinced him that plans—combined with backup plans—will keep life under control. Aria is undeniably tempting, but her fly-by-the-seat of her pants attitude is never going to work. Then a sudden snowstorm strikes, and these opposites come together in a night of unexpected passion. And suddenly the magic of a Twilight, Texas, Christmas takes hold, proving that sometimes the best plan is to have no plan at all.

At 27 years old, I found myself with a broken down marriage and two children under two to raise on my own. I had no other option than to survive. Nah, scratch that, I needed to thrive. But where would I begin? I wasn't sure if I knew how to live alone, let alone how to boss it solo with a couple of kids in tow. It's been a hell of a journey signposted with dating fails, money worries and ex-husband woes, but when was a Back-up Plan ever straightforward? This book is the one I needed to read in the lonely 3am darkness of an unfixable marriage, lying next to a man I was sure I didn't want to be tied to anymore but whom I was too scared to leave. This book is the one I needed to read when I picked up my first packet of anti-depressants and read Elizabeth Wurtzel's Prozac Nation to feel off-the-cuff and cool (but just felt more depressed). This book is the one I needed to read in the infinitely long days that stretched ahead of me alone with two infants, minimal sleep and no hope. This book is the one I needed to read when shamefully I carted my two toddlers to Boots to pick up my very first Morning After Pill after my very first One Night Stand. This book is the I needed to read when my world was about to fall apart.

Jennifer Lopez and Aussie heartthrob Alex O'Loughlin are pitch-perfect foils in the romantic comedy The Back-up Plan--a film that's as light as the foam on a root-beer float, but which manages to be both romantic and very funny. Lopez, after a long absence from the big screen, is a pleasure to watch--an accomplished (and underrated) comedian who can spar and spark with the best of her peers, and better than most. Lopez's chemistry with the dreamy O'Loughlin will engage viewers completely. Lopez plays Zoe, a smart woman whose dating life has been dismal--and who finally decides to become a single mom so she can achieve at least the motherhood she's always desired. As fate would have it, she meets Mr. Perfect (or Mr. Close To It), O'Loughlin's Stan, on the very day she visits the fertility clinic and becomes pregnant with twins. The early stages of their courtship involve Zoe's increasingly desperate measures to conceal her growing belly. By the time she confesses her condition, Stan is smitten--but with hormones on both sides roiling, and reality about to set in as the birth approaches, both Zoe and Stan get cold feet. If the plot of The Back-up Plan is a bit predictable, the flinty performances of both Lopez and O'Loughlin keep the viewer utterly engaged. Supporting actors Eric Christian Olsen, as Zoe's best guy pal, and the lovely and hilarious Michaela Watkins (The New Adventures of Old Christine) turn in terrific performances, too, and cameos by veterans including Albert Klein (as Zoe's hyperenthusiastic doctor), Tom Bosley, and Linda Lavin round out the excellent acting ensemble. The Back-up Plan also features an engaging soundtrack with a danceable tune by Lopez, "What Is Love?" and memorable songs by Colbie Caillat, India. Arie, and more. The Back-up Plan shows that love may not always go according to plan--OK, it never does--but it's worth the ride, however the heart ultimately gets there.

What follows is not a translation in the ordinary sense of the word. It's more like a paraphrase. Rather than worry over the letter of the text, the goal has been to illuminate the large scale patterns that structure it. The King James Version, for instance, renders Paul's letter with uncanny beauty but is opaque as an argument. Modern translations tend to have the same problem. Their overriding concern is with the letter of the text, not with its logic. As a result, Paul's forest is always getting sacrificed for the sake of his trees. But Paul's work is too important, his good news too urgent, to leave so much of him locked in the first century. We need our renderings to do more than mimic the original, we need them to bleed and breathe. This work argues that the deep logic of Romans comes into sharp focus around a single premise: Paul's claim that grace is not God's backup plan. Paul never quite puts it like this, but he implies it

at every turn.

In The Backup Plan 3.0, you'll find quick and easy steps you can take right now, to keep everything that's important to you, safe, sound and accessible. Each section covers a different area, from family photos, vital documents and music, to videos, computer files, family history and recipes. Everybody needs a backup plan, especially when you lose your favorite toy. When Max loses his favorite toy—Bunny—his clever mom brings out the "backup bunny"—Fluffy—to save the day. Fluffy is thrilled to have the chance to play with Max, but is soon rejected by the observant child who notices that his ears are too new and perky. Can Fluffy find a way into his favorite boy's heart? The Backup Bunny will keep you laughing and inspire you to make room for another favorite story.

Zoe gives up on finding the man of her dreams, decides to become a single mother and undergoes artificial insemination. The same day she meets Stan when they both try to hail the same taxi. They run into each other twice more at a farmers market and a pet store. Stan convinces Zoe to go on a no-obligations date. Zoe is still uncertain whether she is pregnant or not and if she should tell Stan.

D-Day, June 6, 1944 Months were spent planning an invasion. An invasion that would either be the beginning of victory or the beginning of defeat. But if it turned out to be the latter? A small group of Canadians were waiting at the north coast of Germany. Waiting in case the invasion failed. In possession of orders containing the words "You may be our last hope." They were the Backup Plan. Doc Beege led a team of researchers at the University of Toronto. When their research yielded a new deadly weapon, the government and military jumped at the opportunity and arranged for Doc Beege and his associates to be in Germany to hand the weapon over to the underground forces. But the government and military had a different plans - plans which could make Doc Beege and his associates the worst war criminals in history. With D-Day fast approaching, Doc Beege's team was sent on the biggest adventure of their lives, to ensure the tide of war turned in the Allies favour. This is a fictional account of an absolutely true Canadian achievement in World War II. The book parallels some of the actual events which occurred at the University of Toronto in the early 1940's. These events revolved around research work done by Dr. James T. Burt-Gerrans, PhD, (the grandfather of the author) and the NEVER BEFORE PUBLISHED chemical discovery made by his team. The book includes a brief description of the actual chemical discovery, probably the only weapon of mass destruction developed in Canada, and the events surrounding its disposition based on input from both Einstein and Churchill.
