~~I liked The Color Master better than the only other collection by Aimee Bender that I've read, The Girl in the Flammable Skirt, but only slightly. It's an interesting comparison - her first collection posed along with the most recent - but it also yields an interesting result: my opinion on the two books is pretty much identical.~~

'The Color Master,' by Aimee Bender - The New York Times

This collection of stories are colorful, deep, and confrontational. Aimee Bender uses language exquisitely. Her words paint pictures and transport the reader into exotic settings both geographically and internally. The reader is held and carried into the mysterious, stories then returned at the end with ideas to reflect on again and again.

The Color Master: Stories by Aimee Bender

The bestselling author of The Particular Sadness of Lemon Cake returns with a wondrous collection of dreamy, strange, and magical stories. Truly beloved by readers and critics alike, Aimee Bender has become known as something of an enchantress whose lush prose is "moving, fanciful, and gorgeously strange" (People), "richly imagined and bittersweet" (Vanity Fair), and "full of provocative ideas" (The Boston Globe). In her deft hands, "relationships and mundane activities take on mythic qualities" (The Wall Street Journal). In this collection, Bender's unique talents sparkle brilliantly in stories about people searching for connection through love, sex, and family—while navigating the often painful realities of their lives. A traumatic event unfolds when a girl with flowing hair of golden wheat appears in an apple orchard, where a group of people await her. A woman plays out a prostitution fantasy with her husband and finds she cannot go back to her old sex life. An ugly woman marries an ogre and struggles to decide if she should stay with him after he mistakenly eats their children. Two sisters travel deep into Malaysia, where one learns the art of mending tigers who have been ripped to shreds. In these deeply resonant stories—evocative, funny, beautiful, and sad—we see ourselves reflected as if in a funhouse mirror. Aimee Bender has once again proven herself to be among the most imaginative, exciting, and intelligent writers of our time.

"Contemporary fairy tales, cushioned by goofy humor and a deep tenderness for her characters, that aren't always as dark or as sinister as they initially appear." --The New York Times Book Review Aimee Bender's Willful Creatures conjures a fantastical world in which authentic love blooms. This is a place where a boy with keys for fingers is a hero, a woman's children are potatoes, and a little boy with an iron for a head is born to a family of pumpkin heads. With her singular mix of surrealism, musical prose, and keenly felt emotion, Bender once again proves herself to be a masterful chronicler of the human condition.

"A collection of wistful, witty stories." --Esquire "Hilarious, deep and a little bit dirty." --Harper's Bazaar A grief-stricken librarian decides to have sex with every man who enters her library. A half-mad, unbearably beautiful heiress follows a strange man home, seeking total sexual abandon: He only wants to watch game shows. A woman falls in love with a hunchback; when his deformity turns out to be a prosthesis, she leaves him. A wife whose husband has just returned from the war struggles with the heartrending question: Can she still love a man who has no lips? Aimee Bender's stories portray a world twisted on its axis, a place of unconvention that resembles nothing so much as real life, in all its grotesque, beautiful glory. From the first line of each tale she lets us know she is telling a story, but the moral is never quite what we expect. Bender's prose is glorious: musical and colloquial, inimitable and heartrending. Here are stories of men and women whose lives are shaped--and sometimes twisted--by the power of extraordinary desires, erotic and otherwise. The Girl in the Flammable Skirt is the debut of a major American writer. A 1998 New York Times Notable Book of the Year. Selected by the Los Angeles Times as one of the best works of fiction of 1998.

The first novel in ten years from the author of the beloved New York Times bestseller The Particular Sadness Of Lemon Cake, a luminous, poignant tale of a mother, a daughter, mental illness, and the fluctuating barrier between the mind and the world On the night her single mother is taken to a mental hospital after a psychotic episode, eight year-old Francie is staying with her babysitter, waiting to take the train to Los Angeles to go live with her aunt and uncle. There is a lovely lamp next to the couch on which she's sleeping, the shade adorned with butterflies. When she wakes, Francie spies a dead butterfly, exactly matching the ones on the lamp, floating in a glass of water. She drinks it before the babysitter can see. Twenty years later, Francie is compelled to make sense of that moment, and two other incidents -- her discovery of a desiccated beetle from a school paper, and a bouquet of dried roses from some curtains. Her recall is exact -- she is sure these things happened. But despite her certainty, she wrestles with the hold these memories maintain over her, and what they say about her own place in the world. As Francie conjures her past and reduces her engagement with the world to a bare minimum, she begins to question her relationship to reality. The scenes set in Francie's past glow with the intensity of childhood perception, how physical objects can take on an otherworldly power. The question for Francie is, What do these events signify? And does this power survive childhood? Told in the lush, lilting prose that led the San Francisco Chronicle to say Aimee Bender is "a writer who makes you grateful for the very existence of language," The Butterfly Lampshade is a heartfelt and heartbreaking examination of the sometimes overwhelming power of the material world, and a broken love between mother and child.

Aimee Bender's stunning debut collection, The Girl in the Flammable Skirt, proved her to be one of the freshest voices in American fiction. Now, in her first novel, she builds on that early promise. Mona Gray was ten when her father contracted a mysterious illness and she became a quitter, abandoning each of her talents just as pleasure became intense. The only thing she can't stop doing is math: She knocks on wood, adds her steps, and multiplies people in the park against one another. When Mona begins teaching math to second-graders, she finds a ready audience. But the difficult and wonderful facts of life keep intruding. She finds herself drawn to the new science teacher, who has an unnerving way of seeing through her intricately built façade. Bender brilliantly directs her characters, giving them unexpected emotional depth and setting them in a calamitous world, both fancifully surreal and startlingly familiar. BONUS MATERIAL: This edition includes an excerpt from Aimee Bender's The Color Master.

The wondrous Aimee Bender conjures the lush and moving story of a girl whose magical gift is really a devastating curse. On the eve of her ninth birthday, unassuming Rose Edelstein, a girl at the periphery of schoolyard games and her distracted parents' attention, bites into her mother's homemade lemon-chocolate cake and discovers she has a magical gift: she can taste her mother's emotions in the cake. She discovers this gift to her horror, for her mother—her cheerful, good-with-crafts, can-do mother—tastes of despair and desperation. Suddenly, and for the rest of her life, food becomes a peril and a threat to Rose. The curse her gift has bestowed is the secret knowledge all families keep hidden—her mother's life outside the home, her father's detachment, her brother's clash with the world. Yet as Rose grows up she learns to harness her gift and becomes aware that there are secrets even her taste buds cannot discern. The Particular Sadness of Lemon Cake is a luminous tale about the enormous difficulty of loving someone fully when you know too much about them. It is heartbreaking and funny, wise and sad, and confirms Aimee Bender's place as "a writer who makes you grateful for the very existence of language" (San Francisco Chronicle). BONUS: This edition includes an excerpt from Aimee Bender's The Color Master.

A memoir-writing guide offers writing lessons and examples for those interested in putting their memories down on paper, explains the difference between remembering and imagining, and describes the language of truth.

The fairy tale lives again in this book of forty new stories by some of the biggest names in contemporary fiction. Neil Gaiman, "Orange" Aimee Bender, "The Color Master" Joyce Carol Oates, "Blue-bearded Lover" Michael Cunningham, "The Wild Swans" These and more than thirty other stories by Francine Prose, Kelly Link, Jim Shepard, Lydia Millet, and many other extraordinary writers make up this thrilling celebration of fairy tales—the ultimate literary costume party. Spinning houses and talking birds. Whispered secrets and borrowed hope. Here are new stories sewn from old skins, gathered by visionary editor Kate Bernheimer and inspired by everything from Hans Christian Andersen's "The Snow Queen" and "The Little Match Girl" to Charles Perrault's "Bluebeard" and "Cinderella" to the Brothers Grimm's "Hansel and Gretel" and "Rumpelstiltskin" to fairy tales by Goethe and Calvino and from China, Japan, Vietnam, Russia, Norway, and Mexico. Fairy tales are our oldest literary tradition, and yet they chart the imaginative frontiers of the twenty-first century as powerfully as they evoke our earliest encounters with literature. This exhilarating collection restores their place in the literary canon.
