The Craft & Art of Bamboo, Revised & Updated: 30 Eco-Friendly Projects to Make for Home & Garden [Stangler, Carol] on Amazon.com. *FREE* shipping on qualifying offers. The Craft & Art of Bamboo, Revised & Updated: 30 Eco-Friendly Projects to Make for Home & Garden

The Craft & Art of Bamboo, Revised & Updated: 30 Eco-Friendly Projects to Make for Home & Garden

Bamboo is a ubiquitous craft and construction material in Asia, but it has never replaced wood as a material of choice in North America, the home of only one native species. It is increasingly being used for garden structures, however, and the projects in this book reflect that trend.

!The Craft and Art of Bamboo! by Carol Stangler, available at Highland Woodworking, proves this sturdy, fast growing plant can make more than just a fancy fence or d cor in a tiki-themed restaurant. While primarily associated with Asian craft, bamboo grows equally well in North as well as South and Central America, and has been used for everything from drinking vessels and flower vases to counter tops and fishing boats!

The Craft and Art of Bamboo - Woodworking Blog

Bamboo is naturally durable, but you can make it stand up to the elements even better if you treat it with a sealant before installing it outside. This is an especially easy project if you purchase bamboo borders. This border comes pre-assembled with short, asymmetrical poles that are capped and attached to each other with heavy-duty galvanized ...

200+ Bamboo crafts ideas | bamboo crafts, bamboo, bamboo diy

One of the most common bamboo crafts is probably basket making. This is certainly popular in Japan with different styles, types, and designs according to area as well as skill. For example, Samurai warriors were reportedly the first to make the Suruga baskets (originally from Shimizu) with a combination of round bamboos for the sides and woven flat/split canes for the bottoms and lids.
