For as Sol is about to find out, even the dead have secrets. Author's Note: 18+ only, please, as some of the subject matter is not suitable at all for younger readers. written, but fair disclaimer to readers who hate slow starts . . . this one does lay a foundation before it gets going that some may find slower than to their liking. Also, The Ghosts of Varner Creek is more than a ghost story. It could fit into a number of genres . . . historical fiction, southern fiction, mystery, paranormal, and family drama. So for readers seeking a straightforward horror novel, I wouldn't want to disappoint as this isn't really in that category. Otherwise, if you do read, I thank you in advance and hope you enjoy the book.
