The End Of

The End of Ignorance:
Multiplying Our
Human Potential. A
revolutionary call for a
new understanding of
how people learn. The
End of Ignorance
conceives of a world in
which no child is left
behind – a world based
on the assumption that
each child has the
potential to be successful
in every subject. John

on a model of education in which, in any given subject, only a minority of students are expected to naturally love or excel at learning. But that leaves behind a majority of students. If we are ever to nurture the full potential of children, by raising a generation of students who not only appreciate the elegance and beauty of nature,
