My biggest issue is obvious mistakes, albeit on tangential factual matters. The first page refers to Hazeltine being in southwest Minnesota (it's not; it's in a suburb of Minneapolis, which is in east-central Minnesota). There's reference to I-12 (instead of Highway 212).

The First Major. Knopf Doubleday Publishing Group | October 2017. Coming into 2016, the Americans had lost an astounding six out of the last seven Ryder Cup matches, and tensions were running high for the showdown that took place in October, 2016 in Hazeltine, Minnesota, just days after American legend Arnold Palmer had died. What resulted was one of the most raucous and heated three days in the Cup ' s long history.

From the #1 New York Times bestselling author of A Good Walk Spoiled, a dramatic chronicle of the bitterly-fought 2016 Ryder Cup pitting a U.S. team out for revenge against the Europeans determined to keep the Cup out of American hands. Coming into 2016, the Americans had lost an astounding six out of the last seven Ryder Cup matches, and tensions were running high for the showdown that took place in October, 2016 in Hazeltine, Minnesota, just days after American legend Arnold Palmer had died. What resulted was one of the most raucous and heated three days in the Cup's long history. Award-winning author John Feinstein takes readers behind the scenes, providing an inside view of the dramatic stories as they

unfolded: veteran Phil Mickelson's two-year roller-coaster as he upended the American preparation process and helped assemble a superb team; superstar Rory McIlroy becoming the clear-cut emotional leader of the European team, and his reasons for wanting to beat the US team so badly this time around; the raucous matches between McIlroy and American Patrick Reed - resulting in both incredible golf, and several moments that threatened to come to blows; the return of Tiger Woods not as a player but an assistant captain, and his obsession with helping the US win - which was never the case when he was playing. John Feinstein's classic bestseller, *A Good Walk Spoiled*, set the bar for golf books. Now Feinstein provides his unique take on the Ryder Cup, which has clearly become golf's most intense and emotional event...it's 'first Major.'

The Demon Inside is the second book in Peter Oxley's *Infernal Aether Series*, a dark gothic fantasy set in Victorian London described as "fantasy at its best," "epic" and "no holds barred." If you like electrifying action, rich characters and demons galore, then you'll love *The Demon Inside*.

This volume aims at confronting the image of the Middle East as a region that is fraught with totalitarian ideologies, authoritarianism and conflict. It gives voice and space to other, more liberal and adaptive narratives and discourses that endorse the right to dissent, question the status quo, and offer alternative visions for society.

NEW YORK TIMES BESTSELLER ? The shocking, definitive account of the 2020 election and the first year of the Biden presidency by two New York Times reporters, exposing the deep fissures within both parties as the country approaches a political breaking point. This is the authoritative account of an eighteen-month crisis in American democracy that will be seared into the country's political memory for decades to come. With stunning, in-the-room detail, New York Times reporters Jonathan Martin and Alexander Burns show how both our political parties confronted a series of national traumas, including the coronavirus pandemic, the January 6 attack on the Capitol, and the political brinkmanship of President Biden's first year in the White House. From Donald Trump's assault on the 2020 election and his ongoing campaign of vengeance against his fellow Republicans, to the behind-the-scenes story of Biden's selection of Kamala Harris as his running mate and his bitter struggles to unite the Democratic Party, this book exposes the degree to which the two-party system has been strained to the point of disintegration. More than at any time in recent history, the long-established traditions and institutions of American politics are under siege as a set of aging political leaders struggle to hold together a changing country. Martin and Burns break news on most every page, drawing on hundreds of interviews and never-before-seen documents and recordings from the highest levels of government. The book asks the vitally important (and disturbing) question: can American democracy, as we know it, ever work again?

A look at the German High Command during World War II challenges the myth that the German Generals could have won the war had Hitler not interfered, and maps out the history and the personalities of the German Command Structure.

The bureaucracy is the fourth branch of government, often receiving attention in times of emergency or when it is the object of criticism from the media or politicians. Less understood is how bureaucratic institutions function in a democracy, both from an organizational perspective and as institutional participants within the political arena. Drawing on rational choice approaches, computationally intensive data and modeling techniques, and systematic empirical inquiry, this original collection of essays highlights the important role bureaucracies play in shaping public policy-making. The editors of and contributors to this volume demonstrate not only the constraints political officials face in harnessing the bureaucracy but, more important, how bureaucracies function as organizational entities in diverse contexts. George A. Krause is Associate Professor of Political Science, University of South Carolina. Kenneth J. Meier is Charles Puryear Professor of Liberal Arts and Professor of Political Science, Texas A&M University.

What's life really like in the closed world of a high security prison? High security institutions for mentally ill offenders are far more complex than regular mental health hospitals or prisons. By their very nature they demand special scrutiny in regards to medical research, ethical considerations, therapeutic concerns, quality of care issues, and political and moral deliberations. Ashworth Hospital is no exception. In this controversial book, questions are raised as to why Ashworth resisted the call for change and survived the de-institutionalisation of the 1980s, the enquiries, and threats of closure. First hand, independent accounts from a diverse range of contributors shed new light on what appears to be a gloomy, secretive and sinister system. Inside Ashworth is enlightening reading for health and social care professionals, particularly those working in the mental health sector. Prison service professionals, policy makers and shapers and patient and prisoner rights groups will also find the insights invaluable.

Great art comes from great pain. Or that's the impression left by these haunting profiles. Pieced together, they form a revealing mosaic of the creative mind. It's like viewing an exhibit from the therapist's couch as each entry delves into the mental anguish that afflicts the artist and affects their art. The scope of the artists covered is as varied as their afflictions. Inside, you will find not just the creators of the darkest of dark literature, music, and art. While it does reveal what everyday problem kept Poe's pen to paper and the childhood catastrophe that kept Picasso on edge, it also uncovers surprising secrets of more unexpectedly tormented artists. From Charles Schultz's unrequited love to J.K. Rowling's fear of death, it's amazing the deep-seeded troubles that lie just beneath the surface of our favorite art. As much an appreciation of artistic genius as an accessible study of the creative psyche, *Tortured Artists* illustrates the fact that inner turmoil fuels the finest work.

PIECES TO PEACE is a poetic account of Laila's journey of self-discovery in Toronto as a 26-year-old Afghan-Muslim woman living on her own for the first time. It is her story of pursuing her dreams while coping with personal issues of grief, trauma, poverty, cultural identity and belonging. Laila is a woman in becoming as she rebuilds herself through poetry from
