Download [PDF] The Four Temperaments

Humoralism, or the doctrine of the four temperaments, as a medical theory retained its popularity for centuries largely through the influence of the writings of Galen (129–201 AD). Hippocrates theory of four humours was linked with the popular theory of the four elements: earth, fire, water and air proposed by Empedocles but this link wasn't proposed by Hippocrates or Galen who referred ...

Humorism - Wikipedia

Following is a brief description of each of the four temperaments or personalities — at the end of each description I have listed the two primary characteristics for that temperament. By identify-ing the two temperaments that best describe who you are as a person, you should be able to identify your " strongest characteristic " — be it predominantly extroversion, introversion ...

" THE FOUR HUMAN TEMPERAMENTS " by Dr. D. W. Ekstrand

we can still distinguish certain groups of temperaments. We speak chiefly of four types, as you know: the sanguine, the choleric, the phlegmatic, and the melancholic temperament. And even though this classification is not entirely correct in so far as we apply it to individuals — in individuals the temperaments are mixed in the most

The Mystery of the Human Temperaments - Waldorf Library

The Four Temperaments It has frequently been emphasized that man's greatest riddle is himself. Both natural and spiritual science ultimately try to solve this riddle — the former by understanding the natural laws that govern our outer being, the latter by seeking the essence and purpose inherent in our existence.

Lecture: The Four Temperaments

The four temperaments have been around for centuries. They date back to Ancient Egypt but truly found their place during the time of Hippocrates. Hippocrates was the first to create and write out a medical theory to explain the reason for four prominent different types of people and labeled each using a different bodily fluid.
