'The design process' is a term that covers a set of operations which, when carefully undertaken by the designer, result in a thoroughly considered and well-crafted design solution that meets the needs of the client. The process is not exclusive to interior design and, in one form or another, applies to all fields of design.

~~Amazon.com: The Fundamentals of Interior Design ...~~

The fundamentals of design are the foundation of every visual medium, from fine art to modern web design. They're even present in seemingly unimportant details, like the fonts that make up most compositions. What do these examples have in common? Some very basic elements, including line, shape, form, texture, and balance.

Read Book The Fundamentals Of Interior

Take inspiration from interior design magazines and interior design sites as people share their designs to inspire you and to show you what can be done. Take Your Time One of the fundamentals of interior design is to take your time – when you are designing your home there is no rush, you don't have a tight schedule and it doesn't need to be done in one swoop, or overnight.
