History of the Gunpowder Plot & Guy Fawkes Night Four hundred years ago, in 1605, a man called Guy Fawkes and a group of plotters attempted to blow up the Houses of Parliament in London with barrels of gunpowder placed in the basement. They wanted to kill King James and the king's leaders.

Read Book The Gunpowder Plot History In An Hour

A narrative account of one of a historic attempt to blow up king and parliament in England in 1605, events commemorated today in Bonfire Night. Part of the Usborne Reading Programme.

Remember, remember, the Fifth of November ... With a narrative that grips the reader like a detective story, Antonia Fraser brings the characters and events of the Gunpowder Plot to life. Dramatically recreating the conditions and motives that surrounded the fateful night of 5 November 1605, she unravels the tangled web of religion and politics that spawned the plot. 'An excellent book which unravels the whole story of the plot' Literary Review 'Told with impressive scholarship and panache ... with a sense of pace and tension worthy of a John le Carré novel' Sunday Telegraph

In England, November 5 is Guy Fawkes Day, when fireworks displays commemorate the shocking moment in 1605 when government authorities uncovered a secret plan to blow up the House of Parliament--and King James I along with it. A group of English Catholics, seeking to unseat the king and reintroduce Catholicism as the state religion, daringly placed thirty-six barrels of gunpowder in a cellar under the Palace of Westminster. Their aim was to ignite the gunpowder at the opening of the Parliamentary session. Though the charismatic Catholic, Robert Catesby, was the group's leader, it was the devout Guy Fawkes who emerged as its most famous member, as he was the one who was captured and who revealed under torture

the names of his fellow plotters. In the aftermath of their arrests, conditions grew worse for English Catholics, as legal penalties against them were stiffened and public sentiment became rabidly intolerant. In a narrative that reads like a gripping detective story, Antonia Fraser has untangled the web of religion, politics, and personalities that surrounded that fateful night of November 5. And, in examining the lengths to which individuals will go for their faith, she finds in this long-ago event a reflection of the religion-inspired terrorism that has produced gunpowder plots of our own time.

"This book takes a fresh look at the most famous treason case in English history, a complex tale of treachery, suspicion, rebellion and retribution. [The author] shows how, starting with the most slender of leads, the Jacobean government built up a full picture of the conspiracy and tracked down the guilty men and brought them to justice. The story does not end with the bloody executions of Guy Fawkes and his fellow conspirators in 1606. For the first time in a book on the Gunpowder treason, [the author] investigates in depth the role in the plot played by the ninth earl of Northumberland, seen by many as the plotters' logical choice for a protector of the realm after blast, who was imprisoned in the Tower for sixteen years on suspicion of complicity. By examining the earl's political career in the years around 1605, the author shows how the government investigations, though shedding much light on the plot, never revealed the whole truth. [The author] cuts through the distortions of centuries of political and religious propaganda to explain the real motives of the Gunpowder plotters. [The author] disposes of the

'conspiracy theory, ' which holds that the king's chief minister, Robert Cecil, Earl of Salisbury, framed the conspirators for his own political purposes, and ... sheds considerable light on the workings of early Jacobean government, particularly the privy council. [This book] should appeal to anyone interested in English history, as well as historians and students of seventeenth-century England"--

Had you said "What a guy!" in 17th-century England, anyone would have understood you were admiring a flaming effigy of Guy Fawkes of the Gunpowder Treason Plot. How times have changed! In America and, indeed, most of the English-speaking world, "guy" is so embedded in daily speech that we scarcely notice how odd it truly is: a singular "guy" referring to males only, a plural "guys" encompassing the entire human race. The journey from England's greatest villain to America's favorite second-person plural pronoun offers a story rich with surprising and unprecedented turns. Through his trademark breezy, highly readable style, acclaimed writer Allan Metcalf takes us deep into this history, uncovering the intrigue, murderous plots, and torture out of which the word emerged in 1605. From there, it's a thrilling run through 17th-century England, bloody religious controversies, and across the Atlantic to America, where the word took on a life of its own, exploding into popular culture and day-to-day conversation. From the disappearance of thou, to George Washington and the American Revolution, to the modern revival of Guy Fawkes in V for Vendetta, Metcalf explores the improbable history of a simple word so indispensable to our daily lives, and that evokes deep insights into the evolution of

English itself.

Every child has heard of Guy Fawkes and will most likely have watched a 'guy' being burnt on a bonfire and fireworks lighting up the night sky on Bonfire Night. This book answers the questions of history that lie behind the celebrations of 5 November. Who was Guy Fawkes and how did he come to be below the chamber of the House of Lords in the first hour of 5 November 1605. What desperation drove those involved to plan a horrific massacre of the Protestant royal family and government? Alan Hayne's probing analysis offers the clearest, most balanced view yet of often conflicting evidence, as he disentangles the threads of disharmony, intrigue, betrayal, terror and retribution. In this new, updated edition he gathers together startling evidence to uncover the depth and extent of the plot, and how close the plotters came to de-stabilising the government in one of the most notorious terrorist plots of British history. This enthralling book will grip the general reader, while the scope of its detailed research will require historians of the period to consider again the commanding importance of the plot throughout the seventeenth century.

Bonfire Night, observed annually to memorialize the Gunpowder Plot, is one of England's most festive occasions. Why has the memory of this act of treason and terrorism persisted for 400 years? Sharpe unravels the web of religion and politics that gave rise to the plot, and wittily shows how celebration of that night has changed over the centuries.
