The Impending Crisis How To

The Impending Crisis of the South: How to Meet It is an 1857 book written by Hinton Rowan Helper of North Carolina, which he self-published in New York City. It was a strong attack on slavery as inefficient and a barrier to the economic advancement of whites. The book was widely distributed by Horace Greeley and other antislavery leaders, and infuriated Southerners. The book condemned slavery, but did not take what Helper considered to be the ineffectually sentimental or moralistic abolitionist

The Impending Crisis of the South - Wikipedia

Although many are aware that Harriet Beecher Stowe's Uncle Tom's Cabin, heightened tensions between the North and the South, some historians argue that Hinton R. Helper's The Impending Crisis of the South: How to Meet It played a more significant role in starting the American Civil War. According to historian George M. Fredrickson, it can be argued convincingly that Helper's 1857 publication was "the most important single book, in terms of its political impact, that has ever been ...

Thoughts On Hinton Rowan Helper's Book "The Impending Crisis of the South: How to Meet It". Hinton Rowan Helper claimed that "an irresistibly active desire to do something to elevate the South to an honorable and powerful position among the enlightened quarters of the globe" drove him to publish The Impending Crisis of the South: How to Meet It. The peculiar 1857 treatise warned that Northerners were taking advantage of the slave system to make economic pawns out of their Southern ...

The Impending Crisis Of The South By Hinton R. Helper

His most famous book, The Impending Crisis of the South, marked him out as a visionary on racial matters, and he was appointed by President Abraham Lincoln as the United States consul in Buenos Aires from 1861 to 1866. His residence in Mocksville, North Carolina, was declared a National Historic Landmark in 1973 and is maintained as a monument ...

David M. Potter's Pulitzer Prize-winning The Impending Crisis is the definitive history of antebellum America. Potter's sweeping epic masterfully charts the chaotic forces that climaxed with the outbreak of the Civil War: westward expansion, the divisive issue of slavery, the Dred Scott decision, John Brown's uprising, the ascension of Abraham Lincoln, and the drama of Southern succession. Now available in a new edition, The Impending Crisis remains one of the most celebrated works of American historical writing.

****BESTSELLER EDITION****The Impending Crisis, humanity's dwindling ability to reason, is set to doom us all. Fake news, sensationalist media and personal bias cloud our understanding of the truth. The Crisis will consume us all unless we commit to learning from one another and demand objective fact-based realities instead of our subjective contortions of reality.Now a bestseller, The Impending Crisis examines human internal (psychological) and external (social and media-based) biases to help us understand ourselves and one another. This book not only breaks down the inadequacies in the way we think about and discuss important political and social topics; it implements a framework for how to turn our inconsequential bickering into productive discussions and how to find fact when all we're subject to is opinion.

Reproduction of the original: The Impending Crisis of the South by Hinton Rowan Helper

Hinton Rowan Helper (1829–1909) gained notoriety in nineteenth-century America as the author of The Impending Crisis of the South (1857), an antislavery polemic that provoked national public controversy and increased sectional tensions. In his intellectual and cultural biography of Helper – the first to appear in more than forty years – David Brown provides a fresh and nuanced portrait of this self-styled reformer, exploring anew Helper's motivation for writing his inflammatory book. Brown places Helper in a perspective that shows how the society in which he lived influenced his thinking, beginning with Helper's upbringing in North Carolina, his move to California at the height of the Californian gold rush, his developing hostility toward nonwhites within the United States, and his publication of The Impending Crisis of the South. Helper's book paints a picture of a region dragged down by the institution of slavery and displays surprising concern for the fate of American slaves. It sold 140,000 copies, perhaps rivaled only by Uncle Tom's Cabin in its impact. The author argues that Helper never wavered in his commitment to the South, though his book's devastating critique made him an outcast there, playing a crucial role in the election of Lincoln and influencing the outbreak of war. As his career progressed after the war, Helper's racial attitudes grew increasingly intolerant. He became involved in various grand pursuits, including a plan to link North and South America by rail, continually seeking a success that would match his earlier fame. But after a series of disappointments, he finally committed suicide. Brown reconsiders the life and career of one of the antebellum South's most controversial and misunderstood figures. Helper was also one of the rare lower-class whites who recorded in detail his economic, political, and social views, thus affording a valuable window into the world of nonslaveholding white southerners on the eve of the Civil War. His critique of slavery provides an important challenge to dominant paradigms stressing consensus among southern whites, and his development into a racist illustrates the power and destructiveness of the prejudice that took hold of the South in the late nineteenth century, as well as the wider developments in American society at the time.

Examines the problems of slavery, expansion, and sectionalism between 1848 and 1861.
