"Despite what many people think, little ladybugs don't grow up to be big ladybugs." -John Acorn
Everybody loves a ladybug, and no one is more passionate about these spotted creatures than John Acorn, who has produced this, the first regional ladybug field guide in North America. With comprehensive maps, colour photographs, and illustrations of 75 different species, Acorn educates readers on the beauty and diversity of ladybugs in Alberta. He also explains the impact that introduced species have had on these remarkably diverse insects. Professional entomologists, bug-loving kids, and nature-walk enthusiasts will find ladybug identification enjoyable and rewarding with Acorn's combination of expertise and humour.

But the 1950s are yielding to the new spirit of liberation in the 1960s, a spirit that is changing the world Troy Maxson has learned to deal with the only way he can, a spirit that is making him a stranger, angry and afraid, in a world he never knew and to a wife and son he understands less and less. This is a modern classic, a book
