The Language of Towns & Cities is a landmark publication that clarifies the language by which we talk about urban planning and design. Everyday words such as "avenue," "boulevard," "park," and "district," as well as less commonly used words and terms such as "sustainability," "carbon-neutral," or "Bilbao Effect" are used with a great variety of meanings, causing confusion among citizens, city officials, and other decision-makers when trying to design viable neighborhoods, towns, and cities.
