approach to learning the language of jazz. It is a book of musical concepts brought to life through the use of analogies and illustrations.

The Lobster Theory (and other analogies for jazz ...

The Lobster is a satire on our present-day society that subliminally attributes life to be complete and meaningful only if you have a family of your own. Happily-single folks many a time receive sympathetic statements like “don’t worry, hang in there, you will surely meet your perfect partner one day”.

The Lobster Explained (Film Analysis and Ending Explained ...

Lobsters versus humans It is true that serotonin is present in crustaceans (like the lobster) and that it is highly connected to dominance and aggressive social behaviour. When free moving lobsters are given injections of serotonin they adopt aggressive postures similar to the ones displayed by dominant animals when they approach subordinates.

Psychologist Jordan Peterson says lobsters help to explain ...

Lobsters show intermediate growth; that is, they grow throughout their lives and therefore spend much of that time preparing for, or undergoing ecdysis. Between molts a lobster’s flesh becomes densely packed within

Phoebe's Lobster Theory says that once lobsters mate, they mate for life. You can pick up a mating lobster from his mate & place it beside another hot lobster, but the lobster will go back to its original mate and only mate with it. Similarly, she said that Ross and Rachel were each other's lobsters.
