THE MISUNDERSTOOD GOD tells the truth about who the Creator is. This book analyzes what religion says about God's heart and personality and measures it up to what God calls Himself: Love. It simplifies a generation's tangled perceptions of God by taking a journey through the sixteen aspects of love described in one of the most well-known Bible passages in the world: 1 Corinthians 13, also known as "the love chapter." So many Christians have been bombarded with confusing teachings and doctrines that their understanding of God resembles a tightly tangled ball of Christmas tree lights. This book takes that twisted mess and replaces it with one soft,

Andrew Farley's experience as a Christian was first characterized by self-effort as he tried to please God at any cost. His ruthless religion resulted in spiritual burnout and disillusionment with church. Only then did he discover what relaxing in Jesus means and how enjoying God's intimate presence can transform everyday life. Using a unique story-driven format, *God without Religion* dismantles common religious misconceptions, revealing the true meaning of being filled with the Spirit the facts about judgment, rewards, and God's discipline the simple truth behind predestination and the divisions it causes the problem with the popular challenge to "live radical"

Jake Colsen, an overworked and disillusioned pastor, happens into a stranger who bears an uncanny resemblance (in manner) to the apostle John. A number of encounters with John as well as a family crisis lead Jake to a new understanding of what his life should be like: one filled with faith bolstered by a steady, close relationship with the God of the universe. Facing his own disappointment with Christianity, Jake must forsake the habits that have made his faith rote and rediscover the love that captured his heart when he first believed. Compelling and

intensely personal, SO YOU DON'T WANT TO GO TO CHURCH ANYMORE relates a man's rebirth from performance-based Christianity to a loving friendship with Christ that affects all he does, thinks, and says. As John tells Jake, "There is nothing the Father desires for you more than that you fall squarely in the lap of his love and never move from that place for the rest of your life."

Christopher Hitchens, described in the London Observer as “ one of the most prolific, as well as brilliant, journalists of our time ” takes on his biggest subject yet—the increasingly dangerous role of religion in the world. Religion makes the ultimate case against religion. With a close and erudite reading of the major religious texts, he documents the ways in which religion is a man-made wish, a cause of dangerous sexual repression, and a distortion of our origins in the cosmos. With eloquent clarity, Hitchens frames the argument for a more secular life based on science and reason, in which hell is replaced by the Hubble Telescope 's awesome view of the universe, and Moses and the burning bush give way to the beauty and symmetry of the double helix.

church all be going to hell? How can there be three “ Gods ” in one God? How can Jesus be both human and divine? Why is the “ kingdom of God ” in heaven, but we pray for it to “ come on earth ” ? Why is the Bible infallible when it ’ s littered with textual contradictions? The talking serpent clearly relegates Adam and Eve ’ s story to the realm of tales. Since they never existed, how could they have committed original sin? So how could we inherit it? And what did Jesus need to redeem us from? It ’ s been almost two thousand years: will Jesus ever come back to earth? How can Jesus be inside the Eucharist? Faith and Reason shows why and how we ’ ve come to believe such oddities. “ The truth will set you free! ” John 8:32 (NIV)

Bestselling author Michael Coren explodes popular myths about the history, beliefs, and culture of Christianity. In *Heresy: Ten Lies They Spread About Christianity*, Michael Coren, author of the bestselling *Why Catholics Are Right*, explores why and how Christians and Christian ideas are caricatured in popular media as well as in sophisticated society and addresses ten common lies told about Christianity: that it supported slavery, is racist, sexist, homophobic, anti-intellectual, anti-scientific and anti-Semitic, provokes war, resists progress, and is repressive and irrelevant. Hard-hitting, provocative, and personal, *Heresy* offers a powerful rebuttal to attacks on the Christian faith.

regarding Paul Young's The Shack.

Some have suspected heresy but have been unable to pin down exactly what Paul Young believed. James De Young, Th.D., who has known Paul Young for a couple decades, wrote Burning Down the Shack to expose Christians to the fact that Paul Young espoused universalism. Now "the cat is out of the bag." In his newest book, Lies We Believe about God, Young blatantly confesses adherence to universal reconciliation, as well as twenty-seven other beliefs that are heretical. Here are some of Paul Young's unbiblical claims:

- God is not in control of everything
- God submits to human beings
- God is a Christian
- God is a sexual being, equally male and female
- People do not need to get saved
- Sin and hell do not separate people from God

The God of evangelical faith tortured his child, Jesus, and is the perpetrator of evil Drawing upon his life-long teaching of the Bible and the original languages, James De Young appeals to the Bible to expose Paul Young as a heretic. In appendices, he also furnishes proof that Paul Young violates the Nicene Creed and the beliefs of the early church father Athanasius. consistently lies to us about the character of our three-part God - our Heavenly Father, our Savior Jesus, and our Helper Holy Spirit. The Bible is our guidebook and the only place we can go to counter the slander of God coming at us from every direction. This ancient text reveals that God has feelings and emotions just as we do, so it is a bit naive to think He is completely above this pain of being misunderstood. So why would He not clear His name and set the record straight, especially considering the countless accusations leveled against Him every day? The reason for His restraint lies deep at the root of why He created mankind in the first place. He wanted a family to lavish His love upon that would choose to love and pursue Him in return, not a robotic people that would simply do as they

If the God of the universe (in all His glory) was consistently breaking in on us and defending Himself overtly, that wouldn't leave much room for our choice in the relationship, now would it? As a result, God remains somewhat hidden for now, peeking out on occasion, beckoning us in to get to know Him, to come to believe the best about Him regardless of what we experience in this broken world. Yet very few choose to do so, most remaining back in the familiar spaces of religion.
