'Students as researchers' is an active pedagogy emphasising the process of undergraduate research and inquiry. Undergraduate research in this style may include ways of promoting research-teaching linkages by developing students' appreciation of research in the discipline. It can also involve using teaching and learning

~~Students as researchers: Supporting undergraduate research~~

Why Research is Important to Students? The research is important for the students because it helps them to have a detailed analysis of everything. When you have a proper in-depth analysis of any topic, the result comes out to be fruitful and also the knowledge is enhanced. Other benefits of research to the students are as follows: 1. Enhances knowledge:

~~Why Research is Important for Students, Humans, Education~~

The results showed that researcher students encounter more of the organizational barriers (56.13±13.90), whereas non-researcher students faced more of the personal barriers (53.80±10.95).
