The Private Life of Chairman Mao: The Memoirs of Mao's Personal Physician is a memoir by Li Zhisui, one of the physicians to the former Chinese leader Mao Zedong, which was first

published in 1994. Li had emigrated to the United States in the years after Mao's death.

“ The most revealing book ever published on Mao, perhaps on any dictator in history. ” —Professor Andrew J. Nathan, Columbia University From 1954 until Mao Zedong's death twenty-two years later, Dr. Li Zhisui was the Chinese ruler's personal physician, which put him in daily—and increasingly intimate—contact with Mao and his inner circle. In *The Private Life of Chairman Mao*, Dr. Li vividly reconstructs his extraordinary experience at the center of Mao's decadent imperial court. Dr. Li clarifies numerous long-standing puzzles, such as the true nature of Mao's feelings toward the United States and the Soviet Union. He describes Mao's deliberate rudeness toward Khrushchev and reveals the actual catalyst of Nixon's historic visit. Here are also surprising details of Mao's personal depravity (we see him dependent on barbiturates and refusing to wash, dress, or brush his teeth) and the sexual politics of his court. To millions of Chinese, Mao was more god than man, but for Dr. Li, he was all too human. Dr. Li's intimate account of this lecherous, paranoid tyrant, callously indifferent to the suffering of his people, will forever alter our view of Chairman Mao and of China under his rule. Praise for *The Private Life of Chairman Mao* “ From now on no one will be able to pretend to understand Chairman Mao's place in history without reference to this revealing account. ” —Professor Lucian Pye, Massachusetts Institute of Technology “ Dr. Li does for Mao what the physician Lord Moran's memoir did for Winston Churchill—turns him into a human being. Here is Mao unveiled: eccentric, demanding, suspicious, unregretful, lascivious, and unfailingly fascinating. Our view of Mao will never be the same again. ” —Ross Terrill, author of *China in Our Time* “ An extraordinarily intimate portrait of Mao. [Dr. Li] portrays [Mao's imperial court] as a place of boundless decadence, licentiousness, selfishness, relentless toadying and cutthroat political intrigue. ” —Richard Bernstein, *The New York Times* “ One of the most provocative books on Mao to appear since the publication of Edgar Snow's *Red Star Over China*. ” —Paul G. Pickowicz, *The Wall Street Journal*

For the first time, here is the extraordinary true story of one of the most powerful men, and ruthless dictators, who ever lived. Mao Zedong had control over more people for a longer period than any other leader in history. In this intimate biography we learn not only about the imperial grandeur of his life in a country racked by poverty and the vicious infighting at his court, but also about his extraordinary personal habits that equal those of deceased Korean supreme leader, Kim Jong Il, another infamous and idiosyncratic dictator, equally deified and worshipped by his followers: Mao's teeth turned black because he would only brush them with tea; he hardly ever bathed but then received Khrushchev in his swimming pool where he obliged the Soviet President to join him. Li's revealing account also chronicles Mao's voracious sexual appetite that led to the seduction of thousands of peasant women because he believed in the mythical healing power of sex. Zhisui Li spent more time with Mao than perhaps any other person. He witnessed first-hand the catastrophic events that Mao's dotage and paranoia sparked in a country that revered him as a demi-god. *The Private Life of Chairman Mao* is a landmark biography, as fascinating as it is important to the understanding of modern China, and a must buy for fans of *Wild Swans*.

“A classic... I see Dr. Li as the Tacitus of modern China” Hugh Trevor-Roper

A narrative of China's evolution over the past four decades probes how communism has changed China and discusses Mao, Jiang Qing, the Gang of Four, Deng Xiaoping, and others. 30,000 first printing. Tour.

“ Spence draws upon his extensive knowledge of Chinese politics and culture to create an illuminating picture of Mao. . . . Superb. ” (Chicago Tribune) From humble origins in the provinces, Mao Zedong rose to absolute power, unifying with an iron fist a vast country torn apart by years of weak leadership, colonialism, and war. This sharply drawn and insightful account brings to life this modern-day emperor and the tumultuous era that he did so much to shape. Jonathan Spence captures Mao in all his paradoxical grandeur and sheds light on the radical transformation he unleashed that still reverberates in China today.

When Gao Wenqian first published this groundbreaking, provocative biography in Hong Kong, it was immediately banned in the People's Republic. Using classified documents spirited out of the China, he offers an objective human portrait of the real Zhou Enlai, the premier of the People's Republic of China from 1949 until his death in 1976. Often touted as “ the last perfect revolutionary, ” Zhou is “ a modern saint ” who offered protection to his people during the Cultural Revolution, and an icon who allows modern Chinese to find an admirable figure in what was a traumatic and bloody era. But his greatest gift was to survive, at almost any price, thanks to his acute understanding of where political power resided at any one time.

Foreword by Janet Yellen Weijian Shan's *Out of the Gobi* is a powerful memoir and commentary that will be one of the most important books on China of our time, one with the potential to re-shape how Americans view China, and how the Chinese view life in America. Shan, a former hard laborer who is now one of Asia's best-known financiers, is thoughtful, observant, eloquent, and brutally honest, making him well-positioned to tell the story of a life that is a microcosm of modern China, and of how, improbably, that life became intertwined with America. *Out of the Gobi* draws a vivid picture of the raw human energy and the will to succeed against all odds. Shan only finished elementary school when Mao Zedong's Cultural Revolution tore his country apart. He was a witness to the brutality and absurdity of Mao ' s policies during one of the most tumultuous eras in China ' s history. Exiled to the Gobi Desert at age 15 and denied schooling for 10 years, he endured untold hardships without ever giving up his dream for an education. Shan ' s improbable journey, from the Gobi to the “ People ' s Republic of Berkeley ” and far beyond, is a uniquely

Download Ebook The Private Life Of Chairman Mao Li Zhisui

American success story – told with a splash of humor, deep insight and rich and engaging detail. This powerful and personal perspective on China and America will inform Americans' view of China, humanizing the country, while providing a rare view of America from the prism of a keen foreign observer who lived the American dream. Says former Federal Reserve chair Janet Yellen: “ Shan ’ s life provides a demonstration of what is possible when China and the United States come together, even by happenstance. It is not only Shan ’ s personal history that makes this book so interesting but also how the stories of China and America merge in just one moment in time to create an inspired individual so unique and driven, and so representative of the true spirits of both countries. ”

Describes the life of the landscape architect responsible for New York's Central Park and Boston's Emerald Necklace including his lesser-known time spent as an influential journalist, early voice for the environment and abolitionist, all overshadowed by a tragic personal life.
