real-estate investment, offering advice on finding the right property, financing, development, and sale

“This well-organized book shows what a typical life in real estate is like so that newcomers can decide whether the field is right for them. It also offers advice on how to grow real estate investments for people who are already in the industry. Poorvu includes a variety of real world stories about people and their career experiences to make for an interesting read with a practical edge.” -Publishers Weekly

“This new book by Bill Poorvu trumps any real estate book you’ve ever read.” -James Grant, editor of Grant’s Interest Rate Observer There are plenty of “get rich quick in real estate” books. This is not one of them. Your guide, William Poorvu, is a lifelong real estate investor and consultant, and former head of the real estate program at Harvard Business School. Drawing on his personal experience—and hundreds of interviews with many of the most successful real estate investors and entrepreneurs—Poorvu illuminates every stage of your “life” in real estate: creating wealth, growing it, and managing it successfully. He reveals the milestones, pitfalls, and rewards associated with real estate investing, offering powerful insight into the challenges and opportunities you’ll face as you start out...scale up...ride the industry’s cyclical waves and then leverage, share, or

Developments in the sophistication of global real estate markets mean that global real estate investment is now being executed professionally. Thanks to academic enquiry, professional analysis and entrepreneurial activity, backed by the globalisation of all investment activity, there is now an available body of material which forms the basis of this scholarly but practical summary of the new

Read Book The Real Estate Game Intelligent Guide To Decisionmaking And Investment William J Poorvu

state of this art. The measurement, benchmarking, forecasting and quantitative management techniques applied to property investments are now compatible with those used in other asset classes, and advances in property research have at last put the ongoing debate about the role of real estate onto a footing of solid evidence. The truly global scope and authorship of this book is unique, and both authors here are singularly well qualified to summarise the impact and likely future of global innovations in property research and fund management. Between them, they have experienced three real estate crashes, and have observed at first hand the creation of the real estate debt and equity instruments that led to the global crisis of 2008-9. Global Property Investment: strategies, structure, decisions offers a unique perspective of the international real estate investment industry with: a close focus on solutions to real life investment problems no excessive theoretical padding a target of both students and professionals highly qualified dual-nationality authorship With many cases, problems and solutions presented throughout the book, and a companion website used for deeper analysis and slides presentations (see below), this is a key text for higher-level real estate students on BSc, MSc, MPhil and MBA courses worldwide as well as for practising property professionals worldwide in fund management, investment and asset management, banking and real estate advisory firms.

How to buy low and sell high in real estate Yes, timing is everything. In the real estate market, that means buying in markets that are ready to take off and cashing out before prices crash. In *Timing the Real Estate Market*, millionaire real estate entrepreneur Craig Hall reveals to America's 17 million real estate investors his secrets for maximizing profits, by knowing when to buy, when to sell, and what to do in between. Following Hall's savvy advice, real estate investors will learn: The seven major trends affecting real estate prices How to predict when real estate prices are poised to increase How to capture maximum profits by knowing when to sell How to add value to a property while waiting for the real estate market to pick up How to survive during a downturn--until the next market upswing

In *Real Estate Titans*, Erez Cohen shares the advice and learnings of the world's leading real estate experts to create a guide for becoming a savvier real estate player. Cohen draws on his experience as a research and teacher's assistant at Wharton Business School with an investment expert—and his mentor—Dr. Peter Linneman. Throughout his career, Cohen has collected first-hand knowledge from meetings with such real estate titans as Ronald Terwilliger, Sam Zell, Joseph Sitt, and numerous others. Cohen wanted to understand how these real estate

Read Book The Real Estate Game Intelligent Guide To Decisionmaking And Investment William J Poorvu

giants became so successful, so he refined his quest into three critical questions: What inspires these titans to work so hard and reach such extraordinary levels of success? What are the main elements and traits inside of them that propel them to be so grandiose? How have these individuals, who had less resources, succeeded on a much bigger scale than so many of their competitors? Real Estate Titans contains the 7 key lessons distilled from interviews with several of the world's greatest real estate investors. These critical lessons offer insight into the mindset, tactics, and habits that each of the interviewed titans possess. Once you implement these key ideas—which you won't find anywhere else—into your business, it will grow exponentially within a matter of months. Real Estate Titans offers an insider's view into several of the most successful investors on the planet. The book's compelling stories and lessons show why real estate is such a wonderful and important business, and it also offers a roadmap for becoming a world class real estate player.

Inside the world of the real Great Gatsby of New York real estate Harry Macklowe is one of the most notorious wheelers and dealers of the real estate world, and Liar's Ball is the story of the gamblers and thieves who populate his world. Watch as Harry makes the gutsy bid for midtown Manhattan's famous GM building and put almost no money

Read Book The Real Estate Game Intelligent Guide To Decisionmaking And Investment William J Poorvu

down, landing the billion-dollar transaction that made him the poster child for New York's real estate royalty. Listen in on the secret conversations, back-door deals, and blackmail that put Macklowe and his cronies on top—and set them up for an enormous fall. Vanity Fair contributing editor Vicky Ward skillfully paints the often scandalous picture of the giants who owned the New York skyline until their empires came crumbling down in the 2008 financial crisis. Based on more than 200 interviews with real estate moguls like Donald Trump, William Zeckendorf, Mort Zuckerman, and David Simon, *Liar's Ball* is the never-before-told story of the egomaniacal elites of New York City. Read about: The epic rise and fall of one of the richest American real estate barons Outlandish greed and cravings for power, attention, and love Relationships built and destroyed by vanity and gossip The bursting of the real estate bubble and its aftermath This is no fiction—this is a real life tale of extravagance, ambition, and power. Harry Macklowe ruthlessly clawed his way to the top with the help of his loyal followers, each grubbing for a piece of the real estate pie. *Liar's Ball* reveals their secrets and tells the tale of business as usual for this group—lying, backstabbing, and moving in for the kill when things look patchy. From the bestselling author of *The Devil's Casino* comes an exposé on the real estate elite that you'll hardly believe.

Fiduciary responsibilities and related court-imposed liabilities have forced investors to assess market conditions beyond gut level, resulting in the development of sophisticated decision-making tools. Roger Brown's use of historical real estate data enables him to develop tools for gauging the impact of circumstances on relative risk. His application of higher level statistical modeling to various aspects of real estate makes this book an essential partner in real estate research. Offering tools to enhance decision-making for consumers and researchers in market economies of any country interested in land use and real estate investment, his book will improve real estate market efficiency. With property the world's biggest asset class, timely data on housing prices just got easier to find and use. Excellent mixture of theory and application Data and database analysis techniques are the first of their kind

The fully revised and updated version of the leading textbook on real estate investment, emphasising real estate cycles and the availability and flow of global capital Real Estate Investment remains the most influential textbook on the subject, used in top-tier colleges and universities worldwide. Its unique, practical perspective on international real estate investment focusses on real-world techniques

which measure, benchmark, forecast and manage property investments as an asset class. The text examines global property markets and real estate cycles, outlines market fundamentals and explains asset pricing and portfolio theory in the context of real estate. In the years since the text's first publication, conditions in global real estate markets have changed considerably following the financial crisis of 2008-2009. Real estate asset prices have increased past pre-crisis levels, signalling a general market recovery. Previously scarce debt and equity capital is now abundant, while many institutions once averse to acquiring property are re-entering the markets. The latest edition - extensively revised and updated to address current market trends and practices as well as reflect feedback from instructors and students - features new content on real estate development, improved practical examples, expanded case studies and more. This seminal textbook: Emphasises practical solutions to real investing problems rather than complex theory Offers substantial new and revised content throughout the text Covers topics such as valuation, leasing, mortgages, real estate funds, underwriting and private and public equity real estate Features up-to-date sections on performance measurement, real estate debt markets and building and managing real estate portfolios Includes access to a re-designed companion website containing numerous problems and solutions, presentation slides and additional instructor and
